Von S.G. Lovell : Gaze Into Me (Hybrid Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gaze Into Me (Hybrid Book 1) (English Edition):

KurzbeschreibungHer biggest enemy is her own mind. As a member of the Program, twenty-one-year-old Ali lives the life of a slave when an unscheduled health check reveals her impending death. The upcoming implantation of a mind-controlling microchip into her brain will kill her within two short weeks.Desperate to live, Ali turns to artificial intelligence specialist Rob for help. Together, they hatch a dangerous plan to escape.But the leader of the Program has a personal interest in seeing Ali inaugurated and the power and means to enforce his will. As Ali is pressured into submitting to the implantation procedure, she must realize that the microchip is turning her own mind into her biggest enemy. And that the dangerous attraction growing between her and Rob could easily end up destroying them both.Alis story unfolds over multiple volumes. KurzbeschreibungHer biggest enemy is her own mind.
