GENIE is an amazingly sexy funny moving Romance!Von Bianca @BJsBB4.9 Stars28-year-old Genie has been left on her uncle's doorsteps by her mother when she was just a little baby. Her uncle took her in. Into his family's theatre. The Divine Theatre. And this theatre is now Genie's whole life. She's a burlesque dancer in the show. Her uncle's doing a drag-queen-part. But he wants to retire. To California with his boyfriend. And he doesn't have the money to pay for the new roof and lots of other repairs...so he decides to sell out to Abel Kingdom - a gym chain guy from Australia.But Genie still has eight weeks to save her beloved theatre. 8 weeks to get enough money to stop this horrible australian guy from buying her home.But of course this horrible australian guy is not so horrible. At least he isn't horrible to look

at. He's drop-dead-gorgeous. And they are both soooo attracted to each other. But on his side that was only until he knew what she did for a living. He despises strippers and prostitutes. She's not a stripper. She's a professional dancer, by choice. But Abel has lots of problems left over from his childhood in London. Where his mom was a stripper. He saw and heard things, no little boy should see or hear. That's why he can't understand why he's so drawn to this girl...this beautiful stripping girl....Lots of problems to overcome until Genie Abel can even think about having a Happy Ever After....WHAT WILL HAPPEN WITH GENIE ABEL??? WILL BUSINESS ABEL'S PAST DESTROY ANY CHANCE AT A FUTURE FOR THEM??? WILL THERE BE A CLIFFHANGER??? Nope - I'm not telling you Ok- I might tell you that there is NO Cliffhanger - we have a nice epilogue - BUT there is the possibility of a book for another character ;)

I REALLY LOVED THE BOOK! A realllly hot Aussie???

Let's just pretend he looks like Alex O'Loughlin #InstantFangirl I had no idea what to expect when I started reading just the basics of burlesque dancing and a theatre etc. I really enjoyed reading it. It was realllly sexy - even though there's no 'real' sex for a long while, but Kitty creates amazingly sexy scenes without actual sex I loved how it's not all happy happy lovey dovey stuff right from the beginning. Like in other books - they meet - fall in love - get together - some misunderstanding comes in their way - break-up - get back together in the end.... it's a bit different here Yes, they're incredibly attracted to each other, but Abel stands in the way of Genie's future. And Abel just can't get over the fact that Genie takes off her clothes for money. It's so adorable and funny to watch them trying to not give in to temptation - and mostly failing miserably I also really enjoyed the background of the whole story - the theatre - the burlesque dancing. I don't think I ever read a book about that before. I really enjoyed it. The whole atmosphere in the theatre, the desperation of Genie trying to save the family business for herself and for everybody who's working there. And Abel trying to let go of the dark past by buying this theatre... I loved the end especially - the last 25% were really interesting and event-ful GENIE was an amazingly sexy funny moving Romance!
