**Von Nora Roberts : Genuine Lies (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Genuine Lies (English Edition):

Long and DullVon Ein KundeI wasted most of the summer slogging through this book, and considered not finishing it at all. I'd put it down and it'd take me a week or two to get back to it. The story was drawn out too long and I couldn't warm up to any of the characters, even those that were supposed to be the protagonists. Eve Benedict was a manipulative

user and not someone I could care about. (But then that's my opinion of most Hollywood types, past and present.) The climax of this story seemed foolish and I was hoping for a different twist on "whodunnit". Oh well... I hope Ms. Roberts' other books I've purchased and have yet to read won't prove to be such duds. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Susenseful... Von jyosefin Julia Summers was contacted to write a biography of movie goddess, Eve Benedict. Through interviews with Eve and many famous stars of the earlier days in Hollywood, Julia discovered many secrets, some that could even cause the doom of a star. This has lured a killer to leave threats for Julia. Suddenly, the once peaceful lives of Julia and her son were threatened. They could not trust anyone else as anybody could be after their lives... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nora Roberts is the best! Von Ein Kunde Eve Benedict was ready to write her memoirs. It would be totally honest. No punches to be held back. Eve had clawed her way to the top. She was a movie goddess. After fifty years in the spotlight she had many memories. So many lovers, lies, scandals, and secrets to tell. Many people were nervous or VERY scared. If Eve's memoirs are put in print, many lives would be changed. For sure many marriages would be broken and several people jailed. Eve had hand picked her biographer. She was Julia Summers. Julia was twenty-eight years old, had a ten year old son, was the author of several other biographies, and very thorough in her researches. Eve also adored her step-son. It was obvious that he and Julia were causing sparks whenever they got together; however, Eve loved causing chaos! As the research progressed threats are made, fists are punched, and Julia is in the middle of it all. Then Eve shatters Julia's world with the confession of her deepest secret. When Eve ends up dead, Julia is blamed. \*\*\*Many twists and turns! So much deceit and anger! I never saw many of the blows the author set me up for until the blow had landed! Exciting story and an excellent romantic suspense novel.\*\*\*

Kurzbeschreibung Eve Benedict is a legend: a movie goddess with two Oscars, four ex-husbands and a legion of lovers to her name. She knows the truth behind every Hollywood scandal - and now she's planning to tell all in a no-holds-barred memoir. But telling the truth can be a dangerous business, especially in a town built on dreams and secrets. Eve's stepson Paul Winthrop is worried that the book will only bring trouble. But he can't argue with Eve's choice of ghostwriter, the talented and very beautiful Julia Summers. As Paul and Julia clash over Eve's book, they also have to fight a deep and growing attraction to each other. Struggling against their intense feelings, they don't realise they are also tangled in a very dark plot. Eve has one last, great secret to reveal - and it will put them all in danger . . . de With her storytelling abilities in full force, Nora Roberts goes Hollywood in this contemporary romantic suspense. Ever since Julia Summers became a single mother at 18, she's focused all her energies on creating a secure home for her 10-year-old son, Brandon, and establishing herself as a sought-after biographer of Hollywood stars. Now quintessential movie goddess Eve Benedict, whose 50-year career has included two Oscars, four husbands, and scores of lovers, has particularly sought out Julia to write Eve's ultimate tell-all book. But as Eve reveals to Julia her many long-held secrets, Julia realizes there's a whole cast of characters with good reasons to keep Eve silent, including Eve's well-loved stepson, Paul Winthrop, a handsome novelist whose desire for Julia is beginning to penetrate her wary reserve. Eve, still glamorous, desirable, and reckless, thinks she's set the stage for events she can direct, but more and more, it's clear that someone dangerous is out of control. Fast paced, with a good balance between suspense and romance, and with more heart than many Hollywood-set novels. --Ellen Edwards.com With her storytelling abilities in full force, Nora Roberts goes Hollywood in this contemporary romantic suspense.
