Instant family?Von butterflykissesTucker and Delaneys story is very sweet and moving, but also funny. Just like with the other Sapphire Falls books I couldn't put this one down either.0 von 0 Kunden fanden die folgende Rezension hilfreich. book. Getting It All is probably my favorite Erin Nicholas story to date. Tucker is an amazing hero, who seems like a really outgoing, flirty, sleep around kinda guy until you get to know him. I have no words for Delaney (Except I may be crushing on her a little bit lol). She always puts everyone before her, and really has no clue of how much she really is worth. The 4 boys are, well, typical country boys. If there is trouble to be had, they will find it. The story itself is a tearjerker (if your an emotional reader), with lots of laughs thrown in, and is very well written. I highly recommend this to anyone that is looking for a phenomenal contemporary romance read

ber den Autor und weitere MitwirkendeErin Nicholas is the author of sexy contemporary romances. Her stories have been described as toe-curling, enchanting, steamy and fun. She loves to write about reluctant heroes, imperfect heroines and happily ever afters. She lives in the Midwest with her husband who only wants to read the sex scenes in her books, her kids who will never read the sex scenes in her books, and family and friends who say theyre shocked by the sex scenes in her books (yeah, right!).
