**Von Erin Nicholas : Getting Worked Up: Sapphire Falls book two (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Getting Worked Up: Sapphire Falls book two (English Edition):

Kurzbeschreibung Getting Worked Up, Sapphire Falls book two Phoebe Sherwood is in love with the perfect man. Well, except for the fact that hes in love with someone else. But Phoebe isnt the type to let a little detail like that keep her from getting what she wants. And as shes plotting how to get him back, she meets the perfect solution Joe Spencer. The city boy is in town to retrieve his sort-of fiancethe woman who stole Phoebes man and when he hears Phoebes plan to reclaim their respective soul mates, hes in. Bright and sparkly. Thats Joes first impression of Phoebe. Hes always been attracted to sparkly thingslike neon casino signs, sequined evening gowns and Porsches. In fact, his affinity for those things, and the trouble they can cause, are exactly why hes determined to change his habits and settle down. But if hes going to win his girl back, hes going to need to learn a new way of life. Country line dancing, guzzling homemade moonshine and getting rid of his custom-made suits are what it takes to fit into Sapphire Falls and hes got some work to do. Thank goodness Phoebe is the perfect coach. And everything will be just fine as long as they can keep their hands off of each other and remember which hearts they are trying to win over. You should read this book if you like quirky small towns, over-the-top romantic gestures, hot descriptive love scenes, naughty words and country music. You should \*not\* read this if you don't like, well, any of the things above.
