Quick and her Jayne Castle paranormals. However, I think JAK's best writing of the last decade has been her Castle books. Amaryllis, Zinnia and Orchid, were sexy, funny and dead on target. The type of books that stays in my mind ten years later. After Dark and After Glow are tied to Ghost Hunter, and just JAK as her very best. Okay, it's "formula". JAK has set patterns and she gravitates toward that, but it's a formula I adore. I simply love her males. They are properly male, bossy, arrogant, love to control everything including the woman in their lives. Naturally, you have the female who wants to be loved for herself, not her family connections. Elly St. Clair is engaged to the Guild Boss of Aurora Spring, Cooper Boone. Her father and brothers were always involved in the Guild, so naturally they were please when Elly became engaged to Cooper. Getting bridal jitters, she wants Cooper to declare his love and passion, not how suitable they are for marriage. When Cooper doesn't give her the reassurance she needs, fearing he wants her for her connections not love, she breaks off the engagement and moves to Cadence. In the six months past, she'd hope Cooper would come after her, like a dashing knight on a charger. Cooper thinks to give Elly time and she would come back. Boy was he mistaken. She's opened a plant shop and enjoys her life in Cadence. When Elly contacts Cooper and asks him to help her, he believes she wants to reconcile. That is at the very back of her mind, but her current concern is her friend Bertha is missing down in the alien catacombs, and she needs a Ghost Hunter to save her. Cooper is delighted to get the call. Only, once again, he is combining business and romance as he rides to Elly's rescue of Bertha. There is someone, a Guild hunter, summoning legendary Blue Ghosts in connection to the manufacturing of illegal drugs. Cooper is out to put a stop to the drugs, take down the Ghost Hunter who handles Blue Ghosts, and win his ladylove. Cooper stole my heart. Elly was properly feisty. Their chemistry sparkles. Highly recommended along with Amaryllis, Zinnia, Orchid, After Dark and After Glow. It's JAK at the top of her game. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ghost Hunter-Welt Von Merle Drittes Buch der Science Fiction-Serie mit Krimianteil und Romanze. Elly St. Clair wurde in eine alte, mächtige Guildenfamilie geboren, ihr vorgesehene Schicksal ist, einen Ghost Hunter zu heiraten. Verlobt ist sie mit dem Chef der lokalen Gilde. Doch als sie merkt, dass ihr Wert für ihn nicht sie selber, sondern ihre Familienangehörigkeit ist, kündigt sie die Verlobung und zieht weg. Nach Monaten hat sie sich als Pflanzenkundige mit Krutergeschäft eine neue Existenz aufgebaut. Ihr Ex-Verlobter taucht auf und ihre neuen Freunde werden bedroht. Der Täter scheint ein gefährlicher unbekannter Ghost Hunter zu sein. Wie immer fließen die Worte und die Geschichte, von allem hat es etwas und es ist sehr unterhaltsam. Der Bsewicht wird schon recht schnell offensichtlich und auch der Ausgang der Story. Aber es macht Spaß, diese Welt mit zu erleben. 0 von 1 Kunden fanden die folgende Rezension hilfreich. wie immer ein Genuß Von Kindle-Kunde Ich habe es verschlungen. Und fand es mal wieder eine gute Mischung aus Fantasy, Krimi, Romance und was zum Schmunzeln.

Kurzbeschreibung Local Guild boss and powerful ghost hunter Cooper Boone is everything botanist Elly St. Clair could ask for the handsome, strong and silent type. Maybe too silent. For when Guild secrets threaten her career at the college, Elly has to call off their marriage and leave small-town life behind... But starting over in the thriving metropolis of Cadence City isn't easy, especially when one of Elly's new friends disappears in the eerie catacombs beneath the streets. Cooper turns up just in time to help Elly investigate. And as the mystery deepens and dangerous ghost myths and legends come to light, Cooper makes it clear he intends to stick around and this time he's holding nothing back. From Booklist \*Starred\* Writing as Castle, the best-selling Jayne Ann Krentz creates another bewitching story set in the world of Harmony, a future planet of psychics and ghost hunters. If Elly St. Clair knew she was going to need Cooper Boone's help, she might have been nicer when she broke up with him. Instead, furious that Cooper had not only been involved in a duel over her but for all the wrong reasons, Elly gave Cooper back his ring, told him in no uncertain terms they were through, and left Aurora Springs for Cadence City. Then, when her good friend and neighbor Bertha Newell mysteriously disappears in the catacombs, Elly reluctantly admits that she needs the services of a hunter like Cooper. Fortunately, Cooper just happens to be in town, and he offers to help find Bertha. What Elly doesn't know is that Cooper never considered their engagement to be officially terminated. Castle's new futuristic romance brilliantly blends exceptionally entertaining characters, witty prose, and a thrilling paranormal-tinged plot in a sublime novel of romantic suspense.
