Von K.L. Shandwick : Gibson's Legacy: Rockstar Romance (Last Score Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gibson's Legacy: Rockstar Romance (Last Score Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. HOT ROCK!!!Von RacaimI stumbled across this author earlier in the year with her delightful debut book "Enough isn't everything" . An amazing read followed on from there. Her books just got better and better and we met the delightful Alfie Black. I really didn't think that anyone could top him but Gibson Barclay? WOW! This is an amazing book yet again. Gibson is hot hot hot! The book has the alternative POV's which I love! There is also lots of steam coming off the pages and the sexy scenes are D#mn!The book makes you think hard about all the rock stars out there and just

what their lives are really like. Yes we see the spoilt ones but really, do we really know them? This story is about Gibson's rise to fame fortune and how in his early days he was a man whore. Stereotypical Rock Star that has it all. But he still remembers the eyes of a certain woman called Chloe from years before. A chance encounter gets them to meet again. Gibson has matured and he is mesmerized by the feelings that Chloe gives him. Chloe is uncertain of where they will go. But maybe, just maybe she is the "one" that is different enough for Gibson. And the great thing is with KL Shandwick's books, is that you don't just get to read about hot couples and great romance. But you also get introduced to songs and their lyrics and their meanings. Can Chloe trust Gibson enough? Will Gibson still think Chloe is worth it? Cannot wait to read the next installment and see where this couple goes. Excellent read. Very entertaining.

Kurzbeschreibung Gibson Barclay has been famous for almost seven years and he's only twenty four. Seldom does anyone pick up a magazine, newspaper or watch a television entertainment show, without seeing his image or reading about his promiscuous antics . He had no need to court publicity with his magnetic charm and charismatic ways; when he chooses to cooperate that is. Shrugging off the advice of publicists and image consultants, Gibson makes no excuses for who he is, and with no ties, he answers to no one about how he chooses to live his life. From teenage musician to twenties mega rock star, Gibson has seen and done it all. Women fantasize about him and men envy his rock scene, womanizing lifestyle. Only one person ever made Gibson feel uncomfortable about the way he lived his life. No one ever said no to him that he can remember, although there were two minute events that he has never been able to shake from his mind. Both of those events involved the way Chloe Jenner looked at him. It was something and nothing, but for him, the impact haunted him. In the strangest twist of fate, something so wildly obscure occurred, that set his mind ablaze with the memory of that small encounter. Like all women, Chloe found Gibson striking and had even shared with her friends, her own guilty fantasy about him. Fantasy and reality were poles apart and Chloe believed that Gibson Barclay never even knew that she existed.
