SoulmatesVon SabrinaThe story was really well written. After having read so many books of the lesbian variety, it is great to find one tgat sticks out and stays with you fir a while. The topics of time travel and soulmates are uniquely

realized. I recommend the book, strongly!!

Kurzbeschreibung Leah Marks has no idea what is missing from her quiet, uneventful life until a simple change in her daily routine alters her existence. From the moment she meets antique dealer, Reagan Montgomery, Leahs world is turned upside down. A unique gift given to her by Reagan leads them on a journey that defies logic and the laws of time. The Gift of Time is a story of love, devotion and a bond that has carried two women from one life to the next.
