Von Robert A. Heinlein : Glory Road (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Glory Road (English Edition):

Excellent, excellent bookVon Ein KundeHeinlein has written some great books, and this one is no exception. I just read it for the first time, and I will have to read it again in a couple months, as I am sure there is much more to pick up the second time. The book starts out as an excellently written narrative, funny and interesting. Then all of a sudden the Hero is pulled into an intense adventure with great swashbuckling. At first look, the book seems to have changed from a serious monologue to a whimsical fairy tale, but as you read on, Heinlein fantastically introduces levels and levels of depth while weaving a beautiful story. At the end it will leave you shattered, reevaluating life. _Glory Road_ is an excellent book. Read it. You'll be glad you did.3 von 3 Kunden fanden die folgende Rezension hilfreich. Unusual

Heinlein - Heinlein goes Fantasy Von Max Robitzsch This strange (but not bad) book seems to be Heinlein's take on Sword Sorcery (It is NOT Science Fiction !) as his hero (the usual lovable Heinlein kind, always with a smart and amusing remark on his tongue) follows a beautiful woman on a quest into a wondrous multidimensional (fantasy-) universe. Heinlein succeeds in playing this genre, rather to my surprise, as evidenced in some scenes that seem almost like he lifted them from Tolkien - they have the same kind of fairy-tale magic. Well worth a read, if not among his greatest. But Heinlein shows that his scope goes far beyond his classic hard SF. 2 von 2 Kunden fanden die folgende Rezension hilfreich. My very favorite Heinlein. Von Ein Kunde Growing up, I was never really encouraged to read science-fiction (what with being a girl and all). Heinlein was my first taste of science fiction and I took to him like a fish to water. Glory Road was and shall forever remain my favorite Heinlein. I wanted (and still want) to BE Star. She is everything a woman could want to be--beautiful, intelligent, independent whilst maintaining a need for her man, loving, and strong. This book is MY personal ultimate fantasy. I am sure that other female readers will agree that Heinlein has created characters which strengthen and inspire young women. I only wish I had been encouraged to enter the world of science fiction at a younger, and more impressionable, age. Instead I, like countless other young women, faced the world of Sweet Valley High. Alas, Glory Road is a novel for all to enjoy. However, I highly encourage young women to open their eyes and minds to Heinlein's work in general and this book in particular.

Dragons, hostile guards and strange customs are just some of the challenges confronting Gordon, who must respond with courage, skill and grace. Heinlein's wit, wisdom, social commentary and humor are on full display in this brilliant fantasy novel that presents other worlds to illuminate and evaluate our own. That, combined with his outstanding skill as a writer and engineer-inventor, produces books that are often years ahead of their time." - The Philadelphia Inquirer "One of the grand masters of science fiction." - The Wall Street Journal about the author: Robert A.
