Von **Kate Locke** : **God Save the Queen: Book 1 of the Immortal Empire** before purchasing it in order to gage

whether or not it would be worth my time, and all praised God Save the Queen: Book 1 of the Immortal Empire:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A good start into a new UF seriesVon Katzenjammer123"God save the Queen" was like a breath of fresh air. I struggled with a lot of paranormal romances and Urban Fantasy books I read in the past months, but this one managed to entertain me a lot. The novel didn't invent a new version of the genre but it manages to be a bit different.The novel is set in an England in which aristocrats are vampires and werewolves, and many of them would do anything to gain power.I enjoyed this book because- the author created a fascinating, dark world in which vampires, werewolves and goblins are normal. A world in which all three are hungry for more power and willing to do anything to gain it.- the main character Xandra is a fascinating, complex character, at times she surprised me with her actions and feelings. She is not an easy character and I liked that.- there is a hot alpha werewolf :- the world and the plot kept me on my toes. Trust nobody and be always prepared for a new intrigue or new secrets to be uncovered, this would be my motto for "God save the Queen".- The love story was hot and intense, but it was just one of many plot lines in the book. I hope Xandra and her man will get a chance for a HEA, because together they rock.When reading the first chapters of "God save the Queen" I had some issues with dealing with the world Locke has created. At first not everything felt natural to me, but after a few chapters I was able to open myself to the world and the characters. And then I enjoyed reading this book a lot. I will definitely go on with reading this series and already preordered my copy of "The Queen is dead".1 von 1 Kunden fanden die folgende Rezension hilfreich. Unglaublich Gut!Von ValeriaEin Buch das wirklich zu empfehlen ist! Ich bin gerade erst bei der Hilfe angekommen aber ich kann sagen, dass es schon lange her ist, dass ein Buch mich so sehr in sich gezogen hat wie dieses. Man will es gerade weglegen und sich wieder in den Alltag begeben da macht es eine Wendung und man bleibt am lesen. Schrecklich sowas. :DEs ist auch etwas fr Fans von Kim Harrison und Ilona Andrews. Eine eigene Welt aufgebaut auf dem Skelet des Viktorianischen Zeitalters (und das Wortwrtlich ;)) gemixt mit Urban Fantasy und einer Welt bergreifenden Verschwungen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant mix of supernaturals in a steam punks universeVon Mr. FantasyA fun read that will keep you in its clutches for hours. A nice twist, interesting spin on the standard vamp were setup built into a steam punk parallel universe.If you like Lindsay Buroker or Ilona Andrews you'll feel "right at home".

KurzbeschreibungThe Year is 2012 - and Queen Victoria still rules with an immortal fist. She's the undead matriarch of a Britain where the Aristocracy is made up of werewolves and vampires, where goblins live underground and mothers know better than to let their children out after dark. A world where technology lives side by side with magic, where being nobility means being infected with the Plague (side-effects include undeath) and Hysteria is the popular affliction of the day.Xandra Vardan is a member of the elite Royal Guard, and it's her duty to protect the Aristocracy. But things get complicated when her sister goes missing. Xandra will not only realise she's the prize in a dangerous power struggle - but she'll also uncover a conspiracy that threatens to topple the empire itself.PressestimmenA fabulous and fun read (Keri Arthur)A hilarious OTT steampunk vampire mash-up (The Big Issue)God Save the Queen is a fresh, witty, and darkly beautiful ride through a London ruled by a vampire Queen Victoria. Carried along by enchanting Alexandra Vardan you'll enjoy every minute of adventure and mystery. (Philippa Ballantine)A fantastic ride (Gail Dayton)If you like Gail Carriger's Parasol Protectorate series, you enjoy urban fantasy and kick-ass heroines, with a slathering of steampunk, this is the book for you (Novels on the Run)A great romp through alternate London, a fun and exciting read that's hard to put down . . . Seriously, I loved this book and had a hard time formulating a review that was more than "crazy good shit" and "this books kicks ass." . . . I can't wait for book 2 to see what happens to Xandra next. Can't I have it now? (Steamed!)A fantastic debut by Kate Locke and I highly recommend it! A fresh and wonderful voice to Urban Fantasy (BookThing)PressestimmenGod Save the Queen is a fresh, witty, and darkly beautiful ride through a London ruled by a vampire Queen Victoria.
