Book Three Author: LJ Vickery Reviewer: Stephanie Jordan #Paranormal #Gods #Goddess Oh My Goodness, I was on the edge of my seat this entire book, I felt like I was zigzagging everywhere, believe me Ms. Vickery has an astonishing imagination. When she

writes everything down her words flow page by page this lady's writing has become Golden for me. I only have a few authors that are golden, just Read this Series, Read this Book than you'll know why I call this Lady Golden. Was war coming? With King Nergal and his Chosen, Queen Ereshkigal love for playing games it's mind boggling. But in the King's mind he was right to extract revenge on the God's and Queen knew better of the gods so she would go to help them periodically. Dagon and Holly's relationships starts off explosive, than shaky but it becomes apparent there was something more they had for each other. There is so much I want to tell you about this phenomenal book, even better this exceptional series but then what fun would that be for you? I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Dagon is unredeemable in the eyes of the gods he betrayed centuries ago, but now, the Mesopotamian sea god is truly screwed. The answer to his redemption, his Chosen, is finally within reach, but the powers-that-be have stepped up their war against the Earth-bound gods, and he's literally ripped from her arms. Thrust into the Underworld, he is forced to battle demons, and his body is ravaged beyond endurance. Perhaps it's for the best. Intense physical pain might be the only thing that can make him forget her. After a hellish youth, bartender, Holly Abelard is just trying to get through life. At least, that's what she thinks until the guy she's hot for announces he's a god, and she's his mate. She's barely coming to terms with that revelation when the sexy hunk is sucked into the Underworld, and she's left in the hands of a league of super gods. But Holly isn't giving up on getting Dagon back. That isn't to say she doesn't have her doubts. Had he really sported fangs and scales? What the hell? Or should she say what in Hell, because that's where she'll have to go to find him.
