Von S. Walden : Going Under (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Going Under (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Heftiges ThemaVon KatrinIch hab das Buch in weniger als drei Tagen gelesen! Es hat mich gefesselt, wie die Charaktere sich

im Laufe der Geschichte verändert haben! Allerdings ist dieses Thema (Vergewaltigung) nicht sehr gut zu verdauen! Man sollte sich dessen bewusst sein, bevor man zu so einer Lektüre greift! Der Schreibstil ist am Anfang gewöhnungsbedürftig, da die Autorin immer von der Vergangenheit in die Gegenwart und wieder zurück springt! Der Schreibstil an sich war erfrischend gut! Man findet wenige Bücher in diesem Genre mit guter Grammatik, gutem Ausdruck und einer guten Geschichte! Für jeden der auf Romanzen steht, die nicht vor Schmalz triefen....0 von 0 Kunden fanden die folgende Rezension hilfreich. sehr sozialkritisch und direkt - nichts für Vergewaltigungsopfer Von Insa Kueckens Dieses Buch... ich kann es gar nicht so wirklich in Worte fassen. Ich werde es einfach nie wieder vergessen. Die Autorin hat den Charakter sehr gut integriert, man lebt fröhlich mit und umso heftiger ist das Gefühl, wenn es zum "Turning Point" kommt. Ich kann es aber nur denen raten, die nicht Opfer einer Vergewaltigung waren oder irgendeiner Belästigung waren. Es wird wirklich nichts ausgelassen, aber umso stärker wird das Gefühl, das man dabei war. Ich kann nicht sagen dass es unglaublich toll ist, denn bei so einem Thema kann man einfach nur sagen: sehr gut rübergebracht und toll geschrieben. Die Story hat sich wirklich in mein Hirn eingebrannt.

Kurzbeschreibung Freaking. Mind Blowing. Mind Blowingly. Intense. Mind. Blown. ~Isabel (Sab the Book Eater) USA Today Bestseller Brooke Wright has only two goals her senior year at Charity Run High School: stay out of trouble and learn to forgive herself for the past. Forgiveness proves elusive, and trouble finds her anyway when she discovers a secret club at school connected to the death of her best friend. She learns that swim team members participate in a "Fantasy Slut League," scoring points for their sexual acts with unsuspecting girls. Brooke, wracked with guilt over her friend's death, decides to infiltrate the league by becoming one of the "unsuspecting girls," and exact revenge on the boys who stole away her best friend. An unexpected romance complicates her plans, and her dogged pursuit of justice turns her reckless as she underestimates just how far the boys will go to keep their sex club a secret. (Please take the content warning seriously: This book contains graphic sex and language and an explicit description of sexual violence.) Kurzbeschreibung Freaking. Mind Blowing. Mind Blowingly. Walden used to teach English before making the best decision of her life by becoming a full-time writer. She lives in Georgia with her very supportive husband who prefers physics textbooks over fiction and has a difficult time understanding why her characters must have personality flaws. She is wary of small children, so she has a Westie instead. Her dreams include raising chickens and owning and operating a beachside inn on the Gulf Coast (chickens included). When she's not writing, she's thinking about it. She loves her fans and loves to hear from them.
