Von Michael Nava : Goldenboy (The Henry Rios Mysteries) before purchasing it in order to gage whether or not it would be worth my time, and all praised Goldenboy (The Henry Rios Mysteries):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. If you like an excellent written gay mystery and can appreciate a superb writing - this book is for you!Von LenaRibkaHenry Rios Mystery series is a MUST READ in the first place for all fans of the gay mystery genre of a high quality.Goldenboy is the second book in the series and I liked it even more than the first book.The plot:When Henry

Rios, a gay lawyer in S.Francisco, received a telephone call from his friend and a gay lawyer in L.A Larry Ross, asking for defending a young gay man on trial who was accused of a first-degree murder, he said yes. Not because there was a slight hope of any success. The case was from the beginning hopeless, the evidence against Jim Pears seemed overwhelming. But Henry owned Larry and Larry saw in this case a chance to show the society all threats that came with being gay in 1980s California. So. I expected a very good made courtroom drama. I WAS WRONG. All at once the story took a totally different course that I didn't see coming at all! From a courtroom drama, that suddenly ended with taking my breath away, it faced the artistic circle, cream of Hollywood society, that from the first sight seemed have nothing in common with the previous story. I WAS WRONG. The next turn and I found myself in the middle of an enthralling cat and mouse game-play that suddenly burst into an action thriller. As a bonus, there is a bit more romance in Goldenboy, comparing to the first book of the series. But it is not a romance book. I'm hooked. I want to read more of Michael Nava and his protagonist, Henry Rios. If you like an excellent written gay mystery and can appreciate a superb writing - this book is for you!

Kurzbeschreibung In his latest case, Henry Rios may have something few defense attorneys ever experience: a truly innocent client. It's a cause Henry Rios can't resist: defending a young gay man on trial for killing the coworker who threatened to out him. Jim Pears is charged with first-degree murder; Pears says he's innocent but the evidence is damning. Pears was found covered in the victim's blood and with the murder weapon in his hand. But nothing about the People v. Jim Pears is what it seems. Rios is asked to join the case because he knows first-hand the pressures and threats that come with being gay in 1980s California. In the midst of one of the most complex trials of his career, Rios meets and falls in love with Josh Mandel, the prosecutor's star witness. For this defense attorney, fighting for justice has never been more personal. And the stakes are no less than life and death. Goldenboy is the second book in the Henry Rios mystery series, which also includes The Little Death and Howtown.
