Von Lisa Gardner : Gone: An FBI Profiler Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Gone: An FBI Profiler Novel:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Spannung von der ersten bis zur letzten SeiteVon ABDieses Buch ist genau die richtige Lektre fr den Urlaub. In drei Tagen habe ich sie gelesen und danach direkt weitere Bcher der Autorin bestellt. Toll, wie nicht alles nur ein Happy End ist und wie die Romanze weit im Hintergrund hinter einem toll erarbeiteten Krimiplot ist. Nicht zu blutrstig und

realistisch gezeichnete Charaktere runden alles ab. Ich hab es im Original gelesen- ich wei nicht, wie die bersetzung ist.

Kurzbeschreibung From the bestselling author of *Alone* and *The Killing Hour* comes a thriller that goes from heartbreaking to heartstopping in the blink of an eye. When someone you love vanishes without a trace, how far would you go to get them back? For ex-FBI profiler Pierce Quincy, it's the beginning of his worst nightmare: a car abandoned on a desolate stretch of Oregon highway, engine running, purse on the driver's seat. And his estranged wife, Rainie Conner, gone, leaving no clue to her fate. Did one of the ghosts from Rainie's troubled past finally catch up with her? Or could her disappearance be the result of one of the cases they'd been working a particularly vicious double homicide or the possible abuse of a deeply disturbed child Rainie took too close to heart? Together with his daughter, FBI agent Kimberly Quincy, Pierce is battling the local authorities, racing against time, and frantically searching for answers to all the questions he's been afraid to ask. One man knows what happened that night. Adopting the alias of a killer caught eighty years before, he has already contacted the press. His terms are clear: he wants money, he wants power, he wants celebrity. And if he doesn't get what he wants, Rainie will be gone for good. Sometimes, no matter how much you love someone, it's still not enough. As the clock winds down on a terrifying deadline, Pierce plunges headlong into the most desperate hunt of his life, into the shattering search for a killer, a lethal truth, and for the love of his life, who may forever be gone.

From the Hardcover edition. From Publishers Weekly Former FBI profiler Pierce Quincy's marriage is on the rocks, but things go from bad to worse when his wife, Rainie, goes missing. A kidnapper soon contacts Quincy with a somewhat unusual ransom demand, leaving Quincy and the investigation team with no choice but to play the kidnapper's game to keep Rainie alive. The story is told from alternating points of view, showing Quincy's efforts to find his wife and Rainie's struggle against her cruel captor. The plot is formulaic and derivative, but the abridgment makes it simple to follow, so listeners should have no trouble keeping up. Kairos's voice is light and pleasant, and while her narration is not superb, it does get the job done. Kairos modulates her voice sufficiently to distinguish between male and female voices, but the accents she attempts are beyond her and come off sounding a bit silly. For the most part, the narration is engaging and effectively propels the story forward, but Kairos and Gardner occasionally lays it all on a bit too thick, taking the narrative (and the narration) into the realm of tepid melodrama. From Booklist At the center of this mix of police procedural and psychological thriller is Lorraine "Rainie" Conner, an ex-cop with a drinking problem whose car is found abandoned on a country road in Oregon on a particularly rainy November night. Leading the missing-person search is Carlton Kincaid, a no-nonsense state cop who'd rather be home with his wife and infant son. The search team calls in Pierce Quincy not because he's a former FBI profiler but because Rainie is his estranged wife, their marriage having come to a halt when her drinking resumed after 15 years of sobriety. Next on the scene is Quincy's daughter, Kimberly, who--you guessed it--is an FBI agent (or "feebie") working out of the Atlanta office. All these great minds converge to try to solve the mysterious disappearance of Rainie. Could she have been so depressed over her failed sobriety and marriage that she turned a standard-issue Glock on herself? As friendships build and mysteries unfold, Gardner keeps the suspense cranked high. Recommend this to fans of Lee Child. Mary Frances Wilkens Copyright American Library Association.
