BrilliantVon StillReadingPayton is this very strong, quiet guy who prefers to keep to himself. Badly burnt from a past relationship, he hesitates to get involved again - if ever. Totally random, he meets someone from his past again - a person who happens to be both Pays former best friend and one of his biggest mistakes. Still, his heart is beating faster at his sight, and there are those feelings he can't just cast aside...A wonderful story about love, growth and following

ber den Autor und weitere MitwirkendeKade Boehme is a southern boy without the charm, but all the sass. Currently residing in New York City, he lives off of ramen noodles and too much booze. He is the epitome of dorkdom, only watching TV when Rachel Maddow or one of his sports teams is on. (That'd be Orioles, Seahawks, Ravens, or Gators.) Most of his free time is spent dancing, arguing politics or with his nose in a book. He is also a hardcore Britney Spears fangirl and has an addiction to glitter. It was after writing a short story about boys who loved each other for a less than reputable adult website that he found his true calling, and hopefully a bit more class. He hopes to write about all the romance that he personally finds himself allergic to but that others can fall in love with. He maintains that life is real and the stories should be, as well.
