Keine schwere Kost, perfekt für zwischendurch. Aber eine gute Geschichte.

Kurzbeschreibung Once upon a time there was a failed writer who couldn't pen anything but those four inane words. Alexis Conners' life is no fairy tale, but what's a girl with no career, an overflowing bank account, and plenty of time on her hands to do? Everyone she can get her hands on. Her life is completely hers to live. No commitments. No strings. No one like Ryan Webb's chilling blue eyes and ice-sculpture physique are not the only reasons he seems so cold. He's a big-city architect, who sees nothing but the hard angles and stony facades of his latest project, and he's just been passed over for an important promotion. He's bored out of his mind at his old friend's small-town wedding, and he'd like to take someone back to his room to help him forget it all, but weddings and one-night stands just don't mix. Can an anonymous love affair destroy two people's vows never to fall in love?
