**Von Alan Hardy : GOOD QUEEN BETH (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised GOOD QUEEN BETH (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Biting satire that will make you thinkVon Warrior PrincessWritten by a British author and set in Britain, this book transcends geographic, cultural, and genre boundaries. In all honesty, it transcends all possible boundaries, pushes all possible buttons, and ignores all concepts of political correctness. How refreshing. On top of all that, it also has a love story. Very creative, imaginative, and engaging.You don't have to live in Britain to appreciate this writer's humor and biting

wit. You will be shocked to recognize people you know (or even yourself) in some of his characters. This entertaining and action-packed book may even help you rethink your own attitudes to celebrity worship and endless reality shows that seem to fill TV airtime and occupy our idle minds. Heck, this book may even help you change certain aspects of your life -- and isn't that what good literature is all about. Five stars.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wild and Witty!Von B NelsonThe characters in GOOD QUEEN BETH by Alan Hardy are some of the zaniest, most interesting Ive read recently. What a wonderful look at celebrity, reality TV, sex, drinking, politics, war, etc. Its a brilliant satire that had me laughing out loud over and over again. One plan to save the country has them following the U.S. into another war to give the young layabouts something to do, which will result in outburst of cheap sentiment. This book was clearly written by a smart mind (perhaps one with a slightly twisted side I mean that in a good way). Plus, once youre done (or even before) youll know all about the SK, SB, SS and SG and loads of other ironic and interesting tidbits. Tons of fun, entertaining and challenging (I also mean that in a good way), and highly recommended 5 stars.0 von 0 Kunden fanden die folgende Rezension hilfreich. Shockingly Funny!Von Mr. KibblesFull of satirical wit and great exaggerated observant humour.Not for the faint hearted Queen Beth is shockingly funny.A Britain gone to the dogs with no holds barred content but written with such a clever comedic voice it washes over, making you smile at the absurdity of an imagined world only a side-step from the truth.Class war satire at it's best.

KurzbeschreibungThe country is in the grip of a cruel, Dracula-like King, his ugly, fat Queen and half-witted, degenerate sons. The ordinary people find solace in binge-drinking, vandalising the streets, and salivating over skimpily-attired bimbo celebrities. The country is going to the dogs. Who can save it from collapse into anarchy? Is it the drug-fuelled, sex-mad, perpetually half-naked Mandy? Is it the cross-dressing, messed-up Jason, with his strange little black moustache, and hatred for everybody? Or is it the peoples whore, Beth..? Will she be able to bewitch a whole country with her beautiful, mesmeric, blue eyes..? Be warned: Revolution requires blood, murder, mania, lust, depravity, perversion, and even more bloodbefore the nation can be cleansedand then will demand even moreand more and moreuntil...KurzbeschreibungThe country is in the grip of a cruel, Dracula-like King, his ugly, fat Queen and half-witted, degenerate sons.
