Von Summer Devon : Goodbye Phillip (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Goodbye Phillip (English Edition):

NiceVon QuerleserA nice short story about a single father who falls in love with his surrogate's brother.Though I enjoyed this short story, I didn't like that after being left alone by his boyfriend, Stefan immediately falls in love with a new guy. And I know, that his previous relationship was long over (really, a child to repair the relationship? How clich!), but it

was just too fast. But it was a nice short read.

KurzbeschreibungI wrote this novella for the huge-and-growing m/m group over at Goodreads. Authors pick a photo and a prompt and write a story based on both. STORY PROMPT: (written by Urbanista)"I must have been on a new papa high! Whatever made me think I could prepare a gourmet christening dinner for our new baby girl? I hope he comes back with the christening cake soon--why is he calling me now? it's getting latehey babe! what do you mean my baby craziness is freaking you out? what do you mean you need some 'me' time?? what do you mean you're at the airport??"***Phillip flew the coop, and now Stefan must cope on his own, with a new baby. When members of the baby's biological family show up for his party, he fears the worst--they'll want her back. Greg doesn't want a long-term romance and he is certainly not interested in babies. He paid his dues with his big family back when he was a teenager. But there is something about Stefan that might make him reconsider...
