**Von Earlene Fowler : Goose in the Pond (Benni Harper Mystery)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Goose in the Pond (Benni Harper Mystery):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. a wonderful, exquisite bookVon Ein KundeEarlene Fowler has done it again. She has written a suspense filled mystery

with family problems, mayhem and humor thrown in. In this one, Gabe's son comes back to see his father. Family strife results. Benni's Gramma Dove's sister, Garnet comes from Arkansas and all heck breaks loose, though it's sidesplitting at the same time. You will absolutely love it. Veteran fans of her will enjoy this and one who haven't read her yet are in for a wonderful introduction to Mrs. Fowler's work.

Von Ein Kunde San Celina, California used to be a peaceful place, but in the last couple of years, the crimes plaguing big cities have entered the small town. Benni Harper, curator of a local folk's art museum and an artist's co-op, obviously is aware of the rising crime problem since, after a whirlwind courtship, she is the new bride of Gabe Ortiz, the Chief of Police. The pair originally met during a murder investigation and have since worked together on several more cases in spite of Gabe's vehement objections.

..... One day while jogging together, Benni lags behind and soon discovers a woman's corpse. This time Gabe need not admonish her to stay out of the investigation because she personally knows the victim, realizes the suspects are her friends, and wants to remain out of the case. The deceased was a key volunteer in the upcoming story telling festival that Benni was organizing. Benni believes the killer is also an important volunteer. Because of her previous success and her being the police chief's spouse, no one believes that Benni is not privy to information from the investigation. Despite her objections and her own inclinations, the townfolks continually feed her puzzle pieces that eventually lead the "non-participant" straight into the murderer's web. Benni relies on her wits and an inner strength to help her escape her current predicament. ....

The latest work in the Benni Harper mystery series, *GOOSE IN THE POND*, combines a cozy American who-done-it with a psychological glimpse into the hearts and minds of the two protagonists. Earlene Fowler makes it near impossible not to care about Benni and Gabe, the state of their marriage, and the next development in a well executed story line. This work is a brilliantly crafted romantic suspense that is wrapped inside a tight, illustrious package waiting to be devoured by the reader. ....

Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Earlene Fowler's books....better and better!

Von M Marcum@Highland.Net or Myra Marcum I began reading Earlene Fowler's books this past February when a friend brought me "Irish Chain" to read while convalescing from a recent surgery. Ms. Fowler's stories have everything I look for: mystery, suspense, humor, and just plain good writing. An added touch is her naming her mysteries after quilts, as well as her mentioning other cultural activities, such as recording oral histories. Ms. Fowler also does not lower herself to using too much foul language, something I believe too many writers resort to. I hope Earlene Fowler keeps cranking the Bennie Harper mysteries out, and thus continues to build Bennie's character, as well as those of her grandmother, Dove, and husband, Gabe.

Kurzbeschreibung Benni Harper--spirited ex-cowgirl, quilter, and folk art expert--finds herself on the trail of killer in this brand-new mystery from Agatha Award-nominee Earlene Fowler...When Benni finds a dead woman lying facedown in the lake, dressed in a Mother Goose costume, her investigation takes her inside the Storyteller's Guild. There she discovers that Mother Goose was telling more than fairy tales--she was a gossip columnist who aired the kind of secrets that destroy lives--and inspire revenge...
