Von Jamie Lee Scott : Gotcha Detective Agency Mysteries Boxed Set (3 Books) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gotcha Detective Agency Mysteries Boxed Set (3 Books) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. funny, witty easy readVon DemeIt reads really easy, fluent. I read the first 3, and just got book 4 because i want more.Mimi is loveable, with a few quirky ticks. I love that she does not solve every murder single handed.She has a crew that helps her , which i find important. No superwoman here, but a character you will find endearing .As well as her dog Lola :)Just do not start reading this series late at night, or the night may be reaaally short, since you can not stop reading :)If you like a little murder mystery, wrapped in a light package, with humor thrown in, this is for you :)
