I really love this series. Seth Stenner the Alpha of Grace Harbour Pack has had his hands full. His father is in the hospital and Seth is now the Alpha, they both knew there was a traitor but who? Callie Hearst was a nurse at the hospital and Seth was her step brother, there seemed to be something between them and they decided to find out if it a lasting relationship or just friends. Then the Rogue Pack tried to ambush Seth and Callie, they were out smarted. But what they did find out the Rogue Pack was after Callie, BUT why? I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung
As Callie and Seth's relationship grows they now learn why the rogue wolves are in Grace Harbour. They want one thing - Callie dead!
Franks old friend and rival ends up in the hospital and gives Seth a break, telling him that he had seen the pack, it wasn't his imagination. Now he knows it's personal, they have a traitor amongst their pack and that is how they are able to hide their scent. A wolf that betrays their pack means death. There is no other sentence. Will Seth follow his father's rule and catch the rogue in time?
