Very Well Written With Great Characters But Same Old PlotVon Ein KundeFor some reason, all the MZB books I choose end up having the same plot: there's some dark underground sacrificial alter where dark forces are summoned it's

cramping the style of our heroines. Nevertheless I didn't mind as much this time because the main character's struggle with alcoholism and indulgent self-hatred was so brilliantly drawn. In fact, all of the characters and the way they related when they met were totally captivating. But like I've said before--oh no, not that whole lame devil worship plot again! This book would have deserved five stars had the supernatural possession happened more originally.

Von Ein Kunde

Morton's Fork, West Virginia is reported to be a hotbed of psychic activity. The rumors draw paranormal researcher Professor Dylan Palmer and his fiancée Truth Jourdemayne to the small town. Truth soon learns that her ancestors Quentin Blackburn and his lover Athanasius Dellon fought to the death over control of the Wellspring gate that takes visitors to a world filled with magic. Truth and Dylan also learn that the original fight between her great-uncle and his lover on the mortal plane several decades ago continues on the astral plane. However, this time the pair of spirits are using human descendants to fight their eternal battle. Athanasius possesses her own daughter, actress and confused psychic Sinah Dellon to be the tool in her war. Quentin has moved inside the body of rich drunk Wycherly Musgrave to use as his dupe. It is up to Truth to save the pair of pawns and close the gate before disaster strikes the townsfolk and her beloved. Marion Zimmer Bradley is the mistress of several genres including the supernatural. That reputation is well deserved and her latest novel, GRAVELIGHT, will strengthen her hold on the top rung. The story line is fast-paced, filled with action, and quite entertaining. Truth be told, nobody does it better.

Kurzbeschreibung

From bestselling author of *The Mists of Avalon* comes Marion Zimmer Bradley's *Gravelight*. Wycherly Musgrave is the perfect drunken, ne'er-do-well youngest brother. Beneath his lighthearted manner, however, lies . . . something dark. Now, afraid that in a drunken blackout he may have murdered a young woman, Wycherly has fled the family estate to try to dry out and see if he can remember what happened that terrible night. Wycherly finds himself strangely attracted to Sinah, a famous actress whose ability to read minds and project exactly what people want to see has made her a star. Sinah fears her own identity is drowning under the characters she's played. Above these people looms a ruined sanitarium, a vortex of evil psychic powers. And both Wycherly and Sinah are ripe for possession.
