funny read! Von susannestohelit Just started this one (ok, 2/3 through already and can't lay it aside right now!) after reading "The Crazy Ex-Ghoul-Friend" and - just love it! It is interesting, keeps giving you clues on deities and beliefs and also witty funny and has the story twisting all along. It keeps you fascinated and wanting to read more of that (which I'll definitely do!). Well done - a definite MUST READ for every fantasy and humour lover! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Interesting idea with small weaknesses Von Tomke Shn This book offers a lot: angels, demons, deities and reapers; death, politics and intrigues. I just loved the idea of the collective underworld, Limbo City and the Sea of Eternity. Lana also is a very likeable character. There were two things I didn't like: 1) I found the relationship between Lana and Maalike developed way too quickly. It was like: I don't like Maalik -- 1 coffee -- He gave me dogs -- We are dating! 2) The Job was done after 3/4 of the book and the rest read like a very, very long epilogue. Still, I recommend reading this book. The world is fascinating and it will be interesting to see where the story is headed. 0 von 0 Kunden fanden die folgende Rezension hilfreich. schrg und erfrischend Von michael gronemeyer Eine schrg Welt, aber eine sympathische Heldin, die sich nicht fr dumm verkaufen lsst. Sie agiert mit Selbstvertrauen Focus und Durchsetzungsvermgen und versucht erfolglos Arbeit, Verantwortung, Schule oder rger zu vermeiden.

Kurzbeschreibung The Inferno has Evolved Lana Harvey is a reaper, and a lousy one at that. She resides in Limbo City, the modern capital of the collective afterlives, where she likes to stick it to the man (the legendary Grim Reaper himself) by harvesting the bare minimum of souls required of her. She'd much rather be hanging out with Gabriel, her favorite archangel, at Purgatory Lounge. But when a shocking promotion falls in Lana's lap, she learns something that could unravel the very fabric of Eternity. If the job isn't completed, there could be some real hell to pay.
