Von Alan McDermott : Gray Salvation (A Tom Gray Novel Book 6) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gray Salvation (A Tom Gray Novel Book 6) (English Edition):

CompellingVon TeIt is a pleasure to find a well-written and informative story in one's hand at a time that one can relax and enjoy it. I had "Gray Salvation" last weekend along with "Flash of the Sun" , and "Winter Men", and it was fabulous. "Gray Salvation" made me read the other books of the series, and I love it now. Came back to the book just

to read the series in order and it was even more magical. Alan McDermott did a good job with the characters which are highly developed, and made it even rosier with a fascinating plot and amazing setting. This is a highly recommend read.

Kurzbeschreibung When the body of an MI5 operative is found floating in the Thames, police frogmen find a significant clue nearby: Nikolai Sereyev, an MI5 informer and mid-level player in a Russian criminal organisation. Both men have been brutally murdered. Andrew Harvey is tasked with finding his colleagues killer, and quickly uncovers a plot to assassinate a visiting dignitary on British soil. No sooner has he scraped the surface of the case than the tables are turned and he becomes a pawn in a game of international brinkmanship that leads all the way to the Kremlin. Harveys girlfriend, Sarah, also a secret service operative, is hot on his trail, but when she too becomes compromised, security chief Veronica Ellis knows there is only one man she can turn to. Hes a loose cannon, but she needs his help to rescue her agent and prevent a full-blown international incident. The trouble is, Tom Gray has gone to ground. Finding him is just the beginning. This book is the sixth in the series but can be enjoyed equally as a standalone novel.
