People tend to keep looking funny when you laugh out loud, e.g. on the train. I still have a fantastic time following Z on his miraculous journey to himself - enjoying every page and brilliant style. Even if the neighbour keeps looking funny...

Kurzbeschreibung "Loved the concept and laughed out loud at some of the situations he got into. More soon please. So funny." Pearl Tate "Brilliant mix of heartache, romance, sex...I was hooked from the 1st page!....A truly refreshingly honest journey from a male viewpoint." LadyLush "It was brill, one of those books you get all disappointed at cos you've finished it!" Vikki Richardson "What a brilliant read which was both funny sad in places. I love that it is written by a man - what a wonderful perspective that I hadn't considered." Suzie118 "...Nuts to being 'in touch with your feminine side', read this brilliant book and get back to being a guy. It's the first book I've ever read that truly reflects the screwed-up mess of emotions that is a man deceived finding his way back to love, via the many pitfalls and pratfalls that is modern internet 'dating'..." ThunderbuttBook Description It is said that the course of true love never runs smooth - even for us men. Yet it has never been easier to find love than in this modern digital era where the mighty computer has all but rendered Cupid redundant. Love is now to be found, quite literally, at your fingertips. Although love also seems to have changed with the times. This new love is deceitful and manipulative, cunning and untrustworthy. Love has gotten ugly. Thankfully, not all the answers to life's mysteries are to be found in the computer and Cupid - battered and bruised as he may be - proves that he still has some game and a few tricks up his sleeve
