Von F. Paul Wilson : Ground Zero (Repairman Jack series Book 13) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ground Zero (Repairman Jack series Book 13) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Von Anfang an VollgasVon fictionmasterNach den eher routinierten Vorgngerbinden gibt der dreizehnte Handyman-Jack-Roman "Ground Zero" gleich von Anfang an Vollgas: Der neue Okulus Diana hat eine Vision und erzht Jack davon. Zur selben Zeit bekommt Kickers-Anfhrer Hank im Keller seines neuen Hauptquartiers ein merkwrdiges Gebilde

gezeigt. Wenig später trifft Jack auf seine alten Jugendfreunde Eddie und dessen Schwester Louise, Spitzname Weezy. Letztere besitzt ein fotografisches Gedächtnis und beschäftigt sich mit Verschwörungstheorien. Insbesondere die zum 11.9.2001 haben es ihr angetan. Sie schafft es sogar, Jack zu einem Trip nach Los Angeles zu überreden, wo er Erschreckendes herausfindet. Danach spitzen sich in New York die Ereignisse zu. Ein Freund von Weezy wird ermordet, weil er zu viel wusste. Offenbar steckte hinter den WTC-Anschlag etwas völlig anderes. Im Keller der Kickerzentrale wächst ein unheimliches Wesen namens Finntmanchca heran. Alles fgt sich zusammen, bis es zum dsteren Showdown im Central Park kommt. Wie eingangs geschrieben, geht es in "Ground Zero" gleich zu Beginn zur Sache. Bevor du dich versiehst, befindest du dich bereits mitten im Geschehen und willst das Buch gar nicht mehr aus der Hand legen. Zudem erfahren wir viel Neues und Elementares über den Widersacher, seinen Gegenstück Veilleur und Jacks Rolle in dem finsternen Spiel. Das Ende ist wieder einmal etwas offen, sodass jedem Leser der Folgeband "Fatal Error" (der vorletzte Band der Jack-Reihe!) ans Herz gelegt ist. Lang ist es nicht mehr bis zum großen Finale.

Kurzbeschreibung On September 11, 2001, a man drifts in a boat off lower Manhattan as the towers burn. He removes a small box from his pocket and presses a button. As he waits for the south tower to collapse, he thinks: The vast majority will blame the collapse on the crazy Arabs who hijacked the planes and the Islamic extremists who funded them the obvious choice. A few will notice inconsistencies and point fingers elsewhere, blaming the government or Big Oil or some other powerful but faceless entity. No one absolutely no one will guess the truth behind the who and why of this day. Years later, someone does. Repairman Jack's childhood friend, Weezy Connell (the genius girl from the Tor Teen novel, Jack: Secret Histories), has started fitting together the pieces of the puzzle and anonymously posting her conclusions on the Web. But she can't stay anonymous forever. Someone is after her. Jack becomes involved in her troubles and in the paranoid mazes of the 9/11 Truth Movement, where conspiracy theories point in every direction. They're all wrong. The truth is stranger, darker, and more evil than anyone can imagine. It involves the cosmic shadow war into which Jack has been drafted. And if the plot behind it--millennia in the planning--succeeds, it will forever change life on this Earth. Who do the world's most exciting authors turn to when they need a shot of adrenaline? F. Paul Wilson's Repairman Jack "One of the all-time great characters in one of the all-time great series." Lee Child Repairman Jack is one of my favorite characters I'm full of happy anticipation every time I hold a new RJ novel in my hands. Charlaine Harris, creator of True Blood The Tomb is one of the best all-out adventure stories I've read in years. Stephen King Repairman Jack is one of the most original and intriguing to arise out of contemporary fiction in ages. His adventures are hugely entertaining. Dean Koontz F. Paul Wilson is a hot writer, and his hottest and my favorite creation is Repairman Jack. Joe R. Lansdale F. Paul Wilson's Repairman Jack is a cultural icon. If you haven't crossed paths with him you're out of the loop. Get with the program. David Morrell, creator of Rambo. Repairman Jack is one of the greatest fictional characters created by any thriller writer in the past half century. If you haven't discovered him and his world yet, what a fabulous, extraordinary, and electric reading experience awaits you. Douglas Preston, co-creator of the Pendergast novels "I'm a Repairman Jack addict. Be warned: Read one book and you'll become one, too. If you've got an impossible problem to solve, he's the one guy you want in your corner: flawed, conflicted, and oh-so-wonderfully brutal. Each book is a sweet hit of pure adrenaline. Pick up a copy and get hooked today." James Rollins, New York Times bestseller of The Doomsday Key Jack is righteous! Andrew Vachss Pressestimmen "Ground Zero" is not only packed with action and revelations, but told so well that fans will want the next two books "now." . . . Wilson's writing has never been sharper, with the story really focused on the main problem at hand, all leading to a climax where even Jack seems to be powerless with what he has to face. It's truly going to make his fans giddy. "Bookgasm" There are some writers who, once they settle into an ongoing character, become complacent and happily just write and rewrite the same two or three books over and over again. And then there's F. Paul Wilson, whose Repairman Jack series seems to get better as its hero gets closer and closer to his ultimate fate. "Fangoria on Crisscross" Wilson remains in top form with "By The Sword," which receives my highest recommendation. "Fearzone" Sinuous plot twists and shocking revelations abound, but Wilson manages to pull these wildly disparate plot threads together, and tie them dexterously to the series' overarching chronicle of a battle between occult forces in which Jack serves as a reluctant but responsible warrior. Like its predecessors, this novel shows why Jack's saga has become the most entertaining and dependable modern horror-thriller series. "Publishers Weekly on Bloodline" Part hard-boiled detective novel, part "Matrix," and all fun, Wilson's latest and, perhaps, greatest kept me up all night. A pulse-pounding novel that grips you by the throat and doesn't let go even when it's over. "Eric Van Lustbader on Harbingers" "Ground Zero is not only packed with action and revelations, but told so well that fans will want the next two books now. . . . Wilson's writing has never been sharper, with the story really focused on the main problem at hand, all leading to a climax where even Jack seems to be powerless with what he has to face. It's truly going to make his fans giddy." --Bookgasm "There are some writers who, once they settle into an ongoing character, become complacent and happily just write and rewrite the same two or three books over and over again.
