Von David Eddings : Guardians Of The West: (Malloreon 1) (The Malloreon (TW)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guardians Of The West: (Malloreon 1) (The Malloreon (TW)):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Even better than the BelgariadVon Ein KundeThe Guardians of the West was a much appreciated continuation of the

Belgariad series. It brought back all my favorite characters, and is also the beginning of a much better series. While this book (and series) will never be extremely high up on my all-time greatest books list, it is extremely high on my all-time most wildly entertaining books list. Don't read this to be emotionally moved or intellectually stimulated, but read it to have a wildly fun time. The characters are somewhat flat, but make up for it with many quirks and outrageous personalities. I probably laughed more reading this series than any other book, with the exception of any written by Douglas Adams. The plot was intelligently put together, and the books read very quickly. The characters are all fun, although Ce'Nedra irritated me. She was tough and funny in the Belgariad, but she comes across as more of a whiny wimp in this series. But aside from that the Guardians of the West, and the entire Malloreon series is Eddings' best work to date, and better than most of the fantasy's out on the market right now. Definitely recommended for any fantasy lover.

1 von 1 Kunden fanden die folgende Rezension hilfreich. Start of a new series
Von Ein Kunde
After the tremendous success of the Belgariad there almost had to be a sequel. Our hero has somewhat matured, sometimes he seems as irritable and grouchy as his grandfather! Otherwise everything stays more or less the same. There's a prophecy, there's a quest for something lost (Belgarion's son) and the party gets together again. A real good read. It made my mouth water for the next books and it was really hard to wait for them to be published.

Von Ein Kunde
Why fight it? The man is good! After what seemed to be a final phase in the history of Garion and companions, David Eddings had managed to come up with some good stuff. Taking what was given in the first series, he has expanded and created a broader world for us to play in. What I particularly enjoyed was the way Garion was feeling around with this will. Suffering tutelage under his grandfather and Polgara is a task I can only envy. What riles me is the complete dismissal other reviewers have given the book, and the series. I found it enchanting the way he has explored new themes in the Codex and imported some of the Grolim ideologies into the plot, placing the reader into context as to what is really going on. Granted this book is a bit nerve-wrecking with its meandering plot as to who is the bad guys and what a surprise when we discover Zandramas is a woman! Go girlfriend! What I would have preferred is a direct confrontation between Polgara and Zandramas right there and now, but suppose that all writers have their idiosyncrasies that all devotees have to deal with. It was a bit painful that the normal set of heroes could not accompany Garion on his latest quest, but then it provided an avenue for David to explore and import new characters. Barak and Hettar would simply not have worked later on in the series. They are too impetuous to be roaming free in Malloreon. The addition of the Seeres of Kell was fresh and exciting, though she has worked on my nerves for a while. I love this book, and I am not ashamed to say that I have collected all the books this man has ever published. Long Live David Eddings... and his wife. Thanks

Kurzbeschreibung
BOOK 1 OF THE MALLOREON, the worldwide bestselling fantasy series by one of the godfathers of the tradition. Discover the epic stories that inspired generations of fantasy writers - from Raymond Feist's The Riftwar Cycle to George R. R. Martin's A Game of Thrones. Evil doesn't disappear. It just changes form... The evil God Torak is slain, and Garion, the long-awaited King of Riva, hopes for peace. And for a while he gets his wish. But then a darker prophecy is revealed, and new and more insidious forces gather. As danger mounts from all quarters, and his son is kidnapped, Garion has no choice but to follow his fate, wherever it might lead...
