Von Lola StVil : Guardians: The Lyris (The Guardians Series, Book 5 Part 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guardians: The Lyris (The Guardians Series, Book 5 Part 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. more of the guardiansVon kitten0bl like this series but this one felt like the author was under a lot of pressure to produce and

there were quite a few mistakes of grammar and spelling which are times especially a name in capitals detracted a little from the quality. I read another review which described this as a filler and I have to say I somewhat agree on this it was just a time filler and not much (I know someone died) happened and it felt a little just prolonging so I truly hope that it will be wrapped up in the final book as to stretch this out too far would ruin the story and the characters. Still if you like the series it is worth a read and not too much of an extortionate price but of light hearted reading ideal for summer hols.
