FantasticVon kitten0bLooking forward to the last instalment to see how the author wraps things up..there were few more spelling issues and a few missing words...but the story is so gripping it does not detract all. I love how these characters have grown through the story as they have had to deal with relevant issues in a fantasy setting.. dating someone people disapprove of, drug abuse, death, struggling friendships, duty..love it a brilliant author there is no question.. a big fan.
