Growing up one of my favorite stories was about the Loch Ness monster, and I never dreamed I would read an adult fairy tale adventure. I relished this story, a most enchanting read. The characters spring to life with fabulous dialogue, action, and breathtaking scene descriptions. The chemistry between Reese and Viona is magical and passionate. If you treasure fantasy romance with a fairy tale twist this is a terrific book for your library. {I was gifted this book and this is my completely honest review}. In the world of fantasy romance the possibilities are endless and always fascinating. Without reservation I recommend this book.

KurzbeschreibungGuarding Her Secret -- The Mythicals, Book 2 When Reese gets asked to remind his ex-girlfriend that the world's taking notice of her appearances, he figures this will be easy--maybe she just didn't realize a team of investigative reporters had moved into River Ness, bound and determined to find the Loch Ness Monster.Viona, however, is very aware they're looking for her. In between boo-boo healing and fixing broken toys, she writes stories usually to the tune of children's television shows. Growing up in the Midwest, Candice stays close to her family, especially the ones with basements when the tornadoes come around. All in all, she stays very busy, but really, she wouldn't have it any other way. Well, maybe a little less children's television.
