the same staff is there to help heal you body and soul. Cassidy Sinclair a school teacher, who loved her job and her students. One of her students, Allan had to have a bodyguard which was really unnerving but he was a hunk and so cute she could watch him all day. Screaming and gunfire made Cassidy take action right away by sending her students out the window Allan was next but it was to late. As Cassidy turned in front of Allan to face the shooter she saw the gun pointed right at her all of sudden something happened but no one believes her. Trevor Greene has paranormal abilities, he also went to Wiccan Haus Resort to heal, staying there for awhile to recoup. His boss had other idea's for him, yep he gave him another assignment. That was okay though cause he was to guard a guest at the Resort. Which is probably good for him cause all he thinks about is this beautiful lady who was perfect for him. Awake he thinks of her and sleeping he dreams about her. Yes, this is definitely a must read book actually all the Wiccan Haus is a must read. I highly recommend it. I was gifted this ARC for an honest and truthful review.
