Von Kat Attalla, Jamin Attalla, Jude Pittman : Guarding Kelsey (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guarding Kelsey (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet readVon glaukaEndlich mal eine intelligente Frau. Die noch dazu super aussieht, was auf dem Kasten hat und noch mrderisch (im wahrsten Sinne des Wortes) reich ist. Da muss natrlich der Detective eine Extraschicht schieben, um sie vor einem Mordanschlag zu schtzen. Wie im Titel schon verraten: nichts weltbewegendes, einfach eine se

Liebesgeschichte mit intelligenten Dialogen. Ein bisschen Spannung, ein bisschen Herzschmerz und schon ist der Zeitvertreib für einen regnerischen Herbsttag fertig.

KurzbeschreibungWhen an independent, blue-blooded heiress is placed in protective custody with a controlling, blue collar cop, the sparks fly. Detective Wolf Krieger blames himself for his partners death. If he had followed procedure and called for back up instead of following his over-eager partner into a dangerous situation, Mark might still be alive. Since then, Wolf has trusted nobody: Not his new partner and certainly not himself. Remaining a loner allows him to keep his edge while working as a homicide detective. He doesnt want to be responsible to another person. His captain, however thinks he is a loose cannon. In an effort to reign Wolf in, he is assigned the job of protecting a society woman who has recieved death threats after witnessing a gangland murder. He should be on the streets investigating, not stuck in some penthouse, babysitting a witness. Especially one with brains, beauty and a body that could tempt a saint onto the road to sin. He is no saint, but he is immune. Or, so he thinks. Kelsey Winston is not your average heiress. In fact, she would trade all her wealth for one more day with her father, the only decent man on earth, who died in an apparent accident three months earlier. A short and very bitter marriage to a violent man shattered her opinion of the male species. Her masters thesis work in the study of domestic violence hasnt helped to improve that conclusion. And the dark, brooding detective who is assigned to protect her when threats are made against her life, is not likely to change her point of view. Wolf is determined to keep a cool distance from the elegant beauty despite an undeniable attraction. Her defiant attitude with him fosters his belief that she is a spoiled princess, unconcerned about the danger her willful actions can cause to herself and others. His assignment is to keep her safe, and he will do his job his way, whether she likes it or not.
