Excellent Find!Von R.C. RocheI just stumbled upon Taylor Smith while browsing the books section in my local wholesale club. I bought two books Jackie Collins and Taylor Smith.Jackie Collins is my favorite author so I had an idea of what to expect. I had never heard of Taylor Smith but the sneak peek of the story on the back cover grabbed my attention quickly. It did not stop for a moment during the entire book.Watching and rooting for Mariah as she

searches for the answers as to what really happened in Vienna, was great reading! This book will grab your attention from page 1 and will not let go! This was a deliciously spellbinding read from start to finish. I highly recommend it! 0 von 0 Kunden fanden die folgende Rezension hilfreich. CIA and More Von Rita Abramson The character of Mariah Bolt as a CIA Operative is exciting and interesting. The story of her involvement in trying to find out what happened to her husband and daughter takes her into a web of a variety of places and people. It was an exciting read.

**Kurzbeschreibung** On a cobble street in old Vienna, an accident leaves David Tardiff a shadow of his brilliant self and his young daughter, Lindsay, severely injured. On a deserted highway in New Mexico, five of the world's leading scientists disappear in a burst of flames. One woman David's wife, CIA officer Mariah Bolt is the link between both tragedies. Confronted by the devastating destruction of her family and too many unanswered questions, she's determined to prove that neither was an accident. As she probes deeper into what really happened in Vienna, she realizes that she can trust no one not the government, not her mentor, not even her husband. Because now Mariah is the target.
