Darjeeling" fhrte in die Personen und den Ort der Handlung (eine kleine Teestube in Chaleston) ein. Beschrieben wird unter anderem das kleinstdtische Ambiente: die neugierigen und geschwtzigen Nachbarn, der reiche unangenehme Grounternehmer. Da Theodosia, die Hauptperson, bereits einmal erfolgreich jemanden vor falschen Anschuldigungen bewahrt hat, wird sie auch dieses Mal von einer Bekannten um Hilfe gebeten. Wenn ich auch den Kriminalfall als solches nicht besonders fesselnd fand, ist er doch in sich schlssig dargestellt. Man fhlt sich wohl mit diesem Buch, und immer wenn es mal nicht weitergeht, gibt es Tee zum Trost, zum Wrmen, zum Nachdenken - eine Sitte die man durchaus in den eigenen Alltag bernehmen kann.1 von 1 Kunden fanden die folgende Rezension hilfreich. A perfect cozy mystery!Von pompfis_hoppiGunpowder Green" is the second book in the Teashop-Mystery-Series and it is even better than the first one, "Death By Darjeeling",Theodosia and her friends/colleagues Drayton and Harley are catering for the Isle of Palms Yacht Race when the signaling gun explodes and kills a wealthy member of Charleston society, Oliver Dixon.Theodosia is not convinced that Dixon's death was an accident and starts investigating on her own account. There are lots of suspects who might have wanted to do Oliver Dixon in: was it his young wife of nine weeks, who was after his money? Was it a member of the competing yacht club, a business associate? Or was the murder even a result of a longstanding family feud between the Dixon and the Cantrell families?Laura Childs continues what she has begun in the first Teashop-Mystery: She gives loving detailed accounts of people and places, without making the read tedious or peripatetic. Quite the contrary! Her knack of picturing and describing things made me want to slow down and savor every minute in Charleston's historic district, sneak a peak into her teashop and be served tea and a delicious pastries by Drayton and Haley.Compared to the predecessor "Death By Darjeeling", the plot of the mystery in "Gunpowder Green" is far better evolved, even though some readers might be able to pin the perpetrator a lot earlier than I could.Result: "In a world gone mad with indifference" (p.201) reading this book did make a difference to me;-). I enjoyed reading it until the very last page. A perfect, relaxing, fully-fledged-5-star cozy mystery! Am very much looking forward to reading the third book in this series!0 von 0 Kunden fanden die folgende Rezension hilfreich. Nette Unterhaltung-Leider etwas altbacken.Von daxie1968Die Serie um die Teeladenbesitzerin Theodosia Browning konnte mich leider auch mit dem 2. Band nicht wirklich ueberzeugen. Dabei hat sie eigentlich alles, was ich im "Cozy-Mystery"-Genre mag. Eine kluge Hauptakteurin = Theodosia, nette Randfiguren = Drayton ihren Assistenten + ihre Mitarbeiterin Haley und nicht zuletzt einen recht spannenden, wenn auch ab er Mitte etwas durchschaubaren, Plot.Aber irgendwie ist mir das ganze einfach eine Spur zu betulich, Theodosia zu sehr "Gutmensch", Drayton zu sehr "Faktotum" und Haley irgendwie zu sehr Marke "Dienstmaedchen aus vergangenen Zeiten".Dennoch hat das Buch einen gewissen Charme und ist nette Unterhaltung fuer zwischendurch.Aber fuer mich definitiv, nachdem ich bei Buch 1. der Serie schon das gleiche Empfinden hatte, kein Grund weitere Buecher der Serie zu kaufen.Jedem jedoch, dem zum Beispiel Diane Mott Davidson oder Susan Wittig Albert noch eine Spur zu "heftig" ist, der wird sich hier wohl fuehlen.
