Von John Ringo : Gust Front (Legacy of the Aldenata Book 2) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gust Front (Legacy of the Aldenata Book 2) (English Edition):

Ringos Bcher sind mit der perfekteste Military Trash, den ich kenn. Neben neuster Waffentechnologie und genauen Beschreibungen der Militrstrukturen in der amerikanischen Armee (und natrlich Fleet Strike), ist die Story spannend und die Personen sind plastisch und lebendig. Zur Story des zweiten Teils: Die Erde bereitet sich auf die Invasion der Posleen vor und Mighty Mike ist natrlich mitten drin, rstet und trainiert seine Kampfanzeinheiten und erlebt einige kleine Nebengeschichten. Bis dann die Posleen kommen, hat man auf den ersten 200 Seiten wohl alles darber gelesen, was man ber die Abwehr und die Vorbereitung auf eine Invasion

Auerirdischer Angreifer wissen muss. Es ist unglaublich, welches militrische Detailwissen Ringo hat. Entweder er ist ein Fanatiker, der Clancy alt aussehen lsst oder er war selbst mal beim Militr. Ohne Zweifel ist "Gust Front" ebenso wie "A Hymn before battle" Geschmacksache, aber wer auf military SF steht und "Armor" von Steakley und "Starship Troopers" von Heinlein mag, kommt hier voll auf seine kosten! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolutely great military Science Fiction Von Kindle Customer A fast paced, action packed sequel novel about the conflict between an alien species that come to Earth to finish the humans. So could be so simple yes with good writing and quick action became a page turner not only for the action scenes as well to know whats going on, what will happened next and what will happened with the alien invasors! Recommended lecture for military SF fans!!!!

Kurzbeschreibung "The aliens had arrived With gifts, warnings, and an offer we couldn't refuse.... Our choice was simple: we could be cannon fodder, or we could be ... fodder. We could send our forces to fight and die (as only humans can) against a ravening horde that was literally feeding on its interstellar conquests or remain as we were virtually weaponless and third in line for brunch. We chose to fight. Thanks to alien technology and sheer guts, the Terrans on two worlds fought the Posleen to a standstill. Thank God there was a moment to catch our breath, a moment, however brief, of peace. Now, for the survivors of the Barwhon and Diess Expeditionary Forces, it was a chance to get some distance from the blood and misery of battle against the Posleen centaurs. A blessed chance to forget the screams of the dying in purple swamps and massacres under searing alien suns. For Earth it was an opportunity to flesh out their force of raw recruits with combat-seasoned veterans. Political, military and scientific blundering had left the Terran forces in shambles- and with the Posleen Invasion only months away, these shell-shocked survivors might be the only people capable of saving the Earth from devastation. If the veterans had time to lick their wounds. Because the Posleen don't read schedules. At the publisher's request, this title is sold without DRM (Digital Rights Management)."

Synopsis With the help of some alien technology, the humans on two worlds had fought back the ravening Posleen hordes, and now the survivors of Barwhon and Diess Expeditionary Forces take time to regroup and renew themselves, while on Earth they build a new force of recruits, as the Posleen hordes once again prepare to descend on Earth.
