Von T.J. BREARTON : HABIT: a gripping detective thriller full of suspense (Titan Trilogy Book 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised HABIT: a gripping detective thriller full of suspense (Titan Trilogy Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. The first book of the TITAN-trilogy - and a really interesting... Von Miki101.Micha ... entry in a country of corruption, money and death that seems almost impossible to understand for the so-called "Normal people". Toddlers used as human shields on convenience and before all to blackmail their mothers into... I'd say - total obedience. And a life that's not a real life any more...But first things first... Brandon Healy is some kind of rookie - but for the position of a detective in Oneida County/Upper State of NY. Where a murder may happen about every 3 years.But this killing is one for the Media. Because Rebecca Heilshorn, daughter of a very rich and very connected Professor of Medicine and a benefactor to all the causes possible - has been brutally slaughtered in her up-country farm-house. But a lot of things are out of line and seem totally wrong to Detective Healy. Timelines that do not fit, the victim's brother Kevin totally out of his head - but why? Things are then getting tougher when the brother is treated by a victim's counsellor, one Olivia Jane. The result of the contact ends with a killing spree which poor Kevin does not survive, and Detective Healy only by fortune. Then the plot becomes very intricat...About very young women first lured with false promises into a hard-core escort scene. And then used together with their offspring for a very high-profile blackmail web. Where the Government seems to be involved, too. As victim - but maybe as a perpetrator, too?Our hero will leave a lot of tears, sweat and blood behind, and once he almost remains killed. And he's really not sure if all his actions causing only further attacks mainly onto himself are worth all this pain and sorrow. But there are very young lives at stake, innocent babies. So he makes decisions based on his still troubled mind - because he has a past full of pain and sorrow himself. And an almost almighty enemy tries to suffocate him with his feeling of a guilt that never was entirely his...Underestimated by many, but full of resources, our troubled hero Brandon Healy will cut right through this knot - and everything is becoming very clear. But this is only a small part of resolving the secrets about TITAN...A really gripping thriller which has some lengths, sometimes. And at certain points the reader can imagine certain solutions, where the investigators are still moving in the dark.The hero is a bit too indistructable for me. OK - this is a trilogy, but at a certain point the nature of the human body reaches his limits.But it is a very fluent and fast-paced investigation, and it demanded a fast, continued reading. Which stressed me A bit. 4 very good stars from me. And I have now ordered Book 2 called "Survivors", hoping for the best...

KurzbeschreibungThe body of a young woman is found in a remote farmhouse. Her death exposes a web of dark secrets A great detective mystery: realistic, well-written, and with such dramatic tension that I was up all night racing to reach the conclusion. Chris Child"Over 200 five-star reviews!"Detective Brendan Healy solves a complex case, facing his own demons, in a brilliant police procedural with a dark conspiracy in the background. Sarah VictorComplex, beautifully drawn characters, twists and turns, great atmosphere, a real page turner. Beth BoydWho killed Rebecca Heilshorn?Rebecca Heilshorn, lies stabbed to death in her bed in a remote, upstate New York farmhouse. Rookie detective Brendan Healy is called in to investigate. All hell breaks loose when her brother bursts onto the scene. Rebecca turns out to have many secrets and connections to a sordid network mixing power, wealth, and sex.Detective Brendan Healy, trying to put his demons behind him, pursues a dangerous investigation that will risk both his life and his sanity. Habit is a compelling mystery which will appeal to all fans of crime fiction. T.J. Brearton amps up the tension at every step, until the shocking and gripping conclusion.Perfect for fans of Stieg Larsson, Jo Nesbo, or Dennis Lehane novels.Get "SURVIVORS", the gripping sequel to Habit, now And DAYBREAK the stunning conclusion of this trilogy is now availableT.J. Brearton's other books include:DARK KILLS a gripping detective thrillerDARK WEB a detective murder mysteryGONE how can an entire family disappear into thin air?
