Von Kat Sloan : Half Blood (The Lycanthropire Saga Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Half Blood (The Lycanthropire Saga Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A completely new takeVon NaChI have read it all when it comes to the supernatural. Vampires and werewolves?

Seemed like a nice enough novel for a rainy day. Seldom have I been this mistaken. Kat Sloan takes it to a new level here, while sticking to a traditional RomeoJulia like scenario. She works in new motives you don't come across in your everyday vamp-flick and creates a story that draws you in, rooting for the characters, while presenting a wonderfully slow, but intense love story. So happy there is a sequel.

Kurzbeschreibung Trapped in a world she doesn't understand and haunted by a past she doesn't remember, young Native-American Lakota Avital discovers that she is part of a supernatural existence. When Irishman, Aiden Kathel enters her life and captivates her with his magnetic charisma, she falls desperately in love with him. In a tumultuous turn of events, Lakota learns that she is a Half Blood werewolf and her eternal love, Aiden, is a vampire. Their forbidden love and the dark secrets of Lakota's past unravel and threaten to tear both their worlds apart. Their lives will be tormented with heartbreak, grief, and sacrifice as they desperately attempt to thwart war of catastrophic proportions between their two worlds.
