**Von Harper Fox : Half Moon Chambers (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Half Moon Chambers (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I can't explain why but I loved it.Von SunneThat one was compelling, it pulled me in and challenged me. Generally are Harper Fox's books on the challenging side concerning my language skills. I experience reading books by this author

as very interesting because she definitely uses language not only to tell stories but also as a style medium. Reading her books always broadens my knowledge. The story itself was enigmatic. I couldn't imagine liking it and I still think - looking at it with a few days distance - that I couldn't get the "love story" ....but it worked. Seriously, now reading the blurb again, thinking of the book after a few days I think: "Why did I like it? How could I get into that seriously doomed and strange relationship?" But as I said, it worked for me while reading. I fell as hard for Rowan as Vince did. And I loved the whole background, the storyline etc. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nicht ganz sicher Von B. Wissner Das Buch war spannend und sicher auch nicht schlecht geschrieben, die Beschreibungen der Arbeiten von Rowan und seiner Wohnung waren sehr detailliert; der Krimiteil war nicht uninteressant, und auch die Ängste und Zweifel der Polizisten waren glaubhaft. Ich konnte jedoch, aus welchem Grund auch immer, keine Beziehung zu den Protagonisten herstellen. Das Buch ist in der ersten Person geschrieben, was ich normalerweise sehr gerne lese; hier hatte ich aber nicht das Gefühl, dass der "Erzähler" zu mir spricht; die Stimme klang für mich einfach nicht echt. Aber vielleicht haben mich auch nur die vielen Slang-Ausdrücke gestört.

**Kurzbeschreibung** A cop and a recovering addict no chance for romance there. Yet Vince, a street-hardened narcotics officer, is having to reassess his life. Six months ago, he hit rock-bottom. A bullet brought him down, and his beloved partner Jack betrayed him. Badly disabled and in constant pain, Vince is flying a desk these days, and it doesn't suit him at all. His world is looking grim when he meets Rowan Clyde, sole surviving witness to a vicious drugs-related killing. Rowan doesn't want to talk. He's vulnerable, trying to hold his own life together in the wake of a crippling addiction. Vince should have no time for him, and Rowan certainly shouldn't trust a cop with an agenda to get him onto the witness stand at any cost. Yet despite their differences, there's an instant pull of attraction between these two damaged men. Their new bond is put to the ultimate test on the tough streets of Newcastle during a dark northern winter, as each turns out to hold the keys to the other's survival and to his destruction.
