Von Agatha Christie : Halloween Party (Poirot) (Hercule Poirot Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Halloween Party (Poirot) (Hercule Poirot Series):

Perfect for a fall reading, with a bewitching atmosphere.Von Ein KundeI feel this is one of Christie's very best, with both Hercule Poirot and Christie's mystery writer Ariadne Oliver adrift in a bizarre, unearthly setting. A perfect book to read as Halloween approaches, it has a truly bewitching feel to it, with a mysterious hanging garden constructed in a

quarry as backdrop to the strange goings on. The characters, ranging from slightly odd children to menacing adults, add to the haunted feel of the book. In the midst of it all, Poirot's offended and suspicious air, and Oliver's battiness are quite amusing. Well worth the read. Come September, get yourself a copy of this, and of Tom Tryon's Harvest Home, and have a truly spooky, atmospheric autumn!

Character development was weak, plot was muddled, and the story lacked the intensity that I have seen in many of her other books. I found myself missing the excellent quality of her 20's and 30's mysteries. If you're a big fan, you might as well read it but don't expect anything like The ABC Murders or The Mysterious Affair at Styles.

Unfortunately, it started off slow, but it picked up the pace as I started to get to the end of the book. One reason why Agatha Christie is a famous author is because she has great character development in her books, and she expressed her strength in this novel. My favorite detective in Christie's stories is a man named Hercule Poirot, who was the detective of this story. Christie makes Poirot so good that no real life detective can be anywhere close to as good as Poirot. I found it ironic that there was a character in the story who was also a detective fiction writer, like Christie. The kids try to give the author some ideas for another story. I recommend this book to you if you are a detective fiction fan.

Kurzbeschreibung A teenage murder witness is drowned in a tub of apples. At a Halloween party, Joyce, a hostile thirteen-year-old, boasts that she once witnessed a murder. When no-one believes her, she storms off home. But within hours her body is found, still in the house, drowned in an apple-bobbing tub. That night, Hercule Poirot is called in to find the evil presence. But first he must establish whether he is looking for a murderer or a double-murderer.
