Awesome! One of my favorites in this series!!Von Anne B.I longed for this book...as for all books in this series

actually. As always, James Cox never disappoints, and so he doesn't with the 7th book in the Handsome Series. I love all of his characters and their quest for (maybe) a happy ending. So I just had to fall for bad boy Torquil and sweet Alyx. Alyx is a sweet "good-as-an-angel" kind of guy who always seems to fall for the wrong men who left him heart broken and hurt. Even worse that his last Lover was the reason that got him arrested and thrown into jail...where he gets close to Torquil. This sexy dragon is a bad boy right out of the books and Alyx tries to resist...but can he resist this hot and beautiful dragon, that calls himself a Monster but just wants to be loved, too?! Chained together they try to escape with a bunch of other prisoners and to get to a safe place. From far different worlds but drawn to each other, will Alyx and Torquil find their way and fight for a future together? Well, I love this book from the bottom of my heart. With Alyx and Torquil James Cox gives us two new handsome and damn sexy heroes to admire and also shows us a romantic side that love will find its way and gives strength to those who want to believe in it. All in all I can say Handsome Men Bite Back is one of my favorites in this series! You just have to read it! Thank you, James Cox for this awesome book!!

Kurzbeschreibung Handcuffed to the horny dragon... Pretty boy Alyx is sentenced to five years on a prison planet for a crime he didn't commit. On route, he's chained to a sexy, pierced man who sure as hell deserves to be incarcerated. When the ship they're on has a riot, Alyx is stuck fleeing with his forced partner. Tor has hidden his species from everyone as a dragon from the Dark Planets. That is until he's cuffed to a timid human. Together they must avoid the law and find the killer among the criminals that are picking them off one by one. He is falling for the smart and shy Alyx. When things get tough, Tor must shift into his larger dragon form to save them but what will the pretty boy think of his beast within? The world seems to always be nipping at Alyx's ass. Now it's time for him to bite back.
