characters. The story is just great and easy to follow. The handsome characters are interesting and more than just an ordinary "c#m-machine". You just got hooked by sexy Bray and his all-time crush "Mr-Tall-sexy-and-straight" Kamden. While trying to help Bray to get over his addiction, their ship crashes on a planet that's still in terraforming progress. Will Bray get over his addiction and take the chance to change his life for the better? And will Kamden be a part of this new future? Like I said before, and love to repeat it again and again: James Cox is a synonym for flirty passionate and sexy kink to read about, that leaves some more than naughty ideas for your imagination! The passion between these handsome hunks is amazing and sizzling. And those kinky ideas...tsk...you never would imagine or expect anything particular so it's always a surprise what James Cox comes up with. I just say: Brays leather outfit!! Damn that was hot!
