better and better. You nearly long for the next one to get in your greedy grabby hands. So it is with Handsome Slave Seeks Horny Hero! I so longed for Rykna's story since I read of him in Handsome Men Blow, and wanted to know more about Mr. Tall, Dark and Grumpy and if he is able to smile. Oh and he is! The sexy snow-flake-maker just lays eyes in his hot pilot and everything seems to change for him. The hot and fiery pilot Ever is a sexy handsome flirt, and he knows it and what to do with it to get some fun and hot sex.....and Rykna! They just can't let their eyes from another and soon neither their hands. The sex between them is hot and passionate, just how we love to read about it. And even then James Cox is surprising us now and then: just imagine fire and ice getting together in full body contact in a hot embrace of passion. Mouth watering! And the thrilling moments of the space race, awesome! James, you did it again and I thank you from the bottom of my heart for Rykna's story!!

Kurzbeschreibung Rykna is a rare Verglas breed. His skin is icy when he's horny and his sperm turns into snow. He has survived war and vicious slavery. Rykna is on a mission to find his family, only to discover his sister is being auctioned off to the winner of a space race. Now, all this handsome slave needs is a pilot. Ever is in need of money in order to return home and get far away from his stalking ex. The only way to do that is to join Rykna in the space race. Ever also has a problem with his hot skin burning his clothes off being the main issue. Trying to fly through asteroids with weapons pointed at them would go a lot easier if his junk wasn't hanging about for all to see. Can these two work together to win the space race?
