Klassische Fantasy fr alle Altersstufen *3.5 Sterne*Von javelinxKael wchst in einem kleinen Dorf namens Tinnark in den Weiten der Unforgivable Mountains auf. Als Halbblut hat er es nicht einfach, vor allem seine Altersgenossen machen ihm das Leben schwer. Von ihm wird erwartet, in die Fustapfen seines Grovaters zu treten und der nchtste Dorfheiler zu werden. Darauf hat Kael gar keine Lust und nimmt statt dessen die Prfung der Five Arrows auf sich. Als

Tagtrumer und Bcherwurm ist die Jagd allerdings alles andere als einfach...Wenn man die Geschichte anfgt zu lesen, kommt einem vieles bekannt vor - der junge Held, der von den anderen getriezt wird und der weder wei, wer seine Eltern waren, noch, welche magischen Krfte in ihm schlummern, sind nur einige von vielen Elementen, die von "Herr der Ringe" ber "Narnia" bis hin zu moderneren Jugend-Fantasy-Geschichten Eingang in die Story gefunden haben. Gerade deswegen sollte man das Geschick des Autors, daraus eine flssige, spannende und berzeugende Handlung zu erschaffen, vielleicht umso hher einschtzen. Vermischt mit Elementen aus Piratenabenteuer, Drachen - und-Gestaltwandler- Mythos und einer guten Portion Sword-and-Sorcery, berzeugt die Handlung durch glaubhafte Charaktere und einige neue Ideen.Besonders interessant ist dabei Kael's Gegenstck Kyleigh, das mysterise Drachenmdchen, das ebenfalls ber ungeahnte Krfte verfgt und dessen Geschichte nach und nach enthllt wird. Eine so starke junge Frauenfigur findet sich in der klassischen Fantasy eher selten, und ihre eigenwillige Mischung aus Mut, Kampfkunst, Schlagfertigkeit und Verletzlichkeit macht sie beraus interessant. Mit Kyleigh allein lieen sich mehrere Bnde fllen, obwohl die sich zaghaft anbahnende Romanze zwischen den beiden Hauptfiguren sich nur langsam entwickelt und am Ende mit einem Cliffhanger endet. Die Handlung bietet einige turbulente und actionreiche Szenen, die fr Spannung sorgen, auch wenn die einzelnen Zutaten nicht unbedingt viel Neues bieten. Zwischendurch wird das Tempo immer wieder langsamer und beschftigt sich mit Themen wie Menschlichkeit, Loyaltt, Freundschaft und Ehrlichkeit ber die eigenen Gefhle.Die Fortsetzung SLIGHT AND SHADOWS ist bereits erhltlich; nach dem vielversprechenden Start, der Luft nach oben lt, darf man gespannt sein, wie es mit Kael und Kyleigh wohl weitergeht.0 von 0 Kunden fanden die folgende Rezension hilfreich. a Interesting Book i did enjoyVon marc duerrfor the price i did pay it was a very good deal and i did enjoy reading itit is not a Book i will reread often but was much better than expected and a well written novel that did manage to convince me to buy the next 2 books too ;-)

KurzbeschreibungSeventeen years ago, a long and bloody rebellion wracked the six united regions of the Kingdom. Now the new King wields the vast and unvanquished army of Midlan with his right hand, and with his left has granted a small group of thugs the nobles he calls his Sovereign Five unbridled rule over the other regions. As if this werent bad enough, the King has also outlawed the practice of whispering which is a problem for Kael. Its not like he asked to be born a whisperer: he didnt ask for his strange healing powers anymore than he asked to be the village runt. And when he rescues a wounded girl from the perils of the Unforgivable Mountains, his luck only gets worse. She couldnt have been just any girl: she had to be Kyleigh the sword-wielding renegade knight with all of Midlan on her trail. Then one miserable, snowy evening, things go from bad to worse, and Kael is left with no choice but to follow Kyleigh down the mountains and into the tumultuous lowlands. She leads him on one mad quest after the next eventually pulling off an act of such mischievous proportions that it threatens to change the Kingdom as they know it.KurzbeschreibungSeventeen years ago, a long and bloody rebellion wracked the six united regions of the Kingdom. Worth, Texas. She comes from a long line of storytellers, and has spent countless hours seated at the kitchen table: listening to the fisherman's tales, passionate political rants, and sidesplitting antics of her often-mischievous extended family. Her mother, who could always find room in the budget for a new book, has been the unwitting accomplice to several of Shae's minor classroom crimes -- from excessive doodling in the margins, to concealing the latest "Harry Potter" book beneath the pages of her algebra assignment. She has yet to be charged. Shae's debut series, "Fate's Forsaken," follows the story of a young man who is gifted with extraordinary powers, but plagued by rotten bad luck. Having the chance to share his many (mis)adventures with readers all over the world has been the opportunity of a lifetime, and a journey she'll never forget.
