Von Stephanie Tyler : Hard to Hold (Hold Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hard to Hold (Hold Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich.

Angenehmer Auftakt Von Book Lover "Hard to Hold" ist der Auftakt zu einer neuen Trilogie der Autorin. Hauptpersonen der Reihe sind drei harte Brüder, die alle für eine Spezialeinheit der amerikanischen Armee (Navy SEAL) im Einsatz sind. In diesem ersten Teil der Serie geht es um Dr. Isabelle Markham, eine junge Ärztin sowie Tochter einer US-Senatorin, die im Rahmen ihrer Tätigkeit bei der Organisation "Ärzte ohne Grenzen" in Afrika befallen worden ist. Die Einheit von Jake Hansen, einem der drei oben erwähnten Brüder, soll die junge Frau retten, aus Afrika "heraus schmuggeln" und in die Staaten zurückbringen. Kaum zurück, tritt der Onkel von Isabelle an Jake heran und bittet ihn, ohne Isabelle davon in Kenntnis zu setzen, als ihr Leibwächter zu fungieren. Zwischen Jake und Isabelle hat sich während der Rettungsaktion in Afrika emotional irgendetwas getan, das keiner von beiden richtig einordnen kann. Wie reagiert jedoch der "bindungsgestörte" Jake auf dieses berufliche Angebot, zumal Isabelle's Onkel sein direkter Vorgesetzter ist? Wieso benötigt die junge Ärztin einen Leibwächter und wieso soll sie davon nichts wissen? Flüssig geschriebener Action-Military-Roman, mit reichlichen erotischen Einlagen. Gegend interessanter Handlungsrahmen, die Hauptpersonen sind zufriedenstellend dargestellt. Der ganze Mix lässt den Leser direkt auf die nächste Folge warten. Für Liebhaberinnen dieses Genres sehr empfehlenswert. 0 von 0 Kunden fanden die folgende Rezension hilfreich. First of three brothers Von Helen Hancox As soon as I started this book I realised that it was the first in the series (of which I have already read several: 'Hold on Tight', 'Lie with Me', 'Promises in the Dark', 'Too Hot To Hold'). So I've clearly read them the wrong way round, not that it seemed to matter at the time, but it did feel a bit odd reading about Chris and Nick, heroes of subsequent novels, before they had found their women. Anyway, this story was very like the others by this author - lots of special forces stuff, partly set in Africa, lots of guns and hiding and violence and danger and sex. Considering it was the first book in the series it didn't spend ages setting the scene, particularly of the three brothers (two of whom are adopted) but information was gradually revealed - which I already knew anyway from having read the other books. The story focuses on Dr Isabelle Markham, daughter of a US Senator and medic working in Africa who has been kidnapped. She is rescued by a SEAL team including Lieutenant Jake Hansen who finds himself with a more personal interest in Isabelle than he had previously thought. When he is tasked with being her bodyguard (without her realising she has one) he discovers that, despite being back in America, she still isn't safe. Can he keep her safe from her former captor, and can she ever learn to trust a man again? I found this story a reasonable read, if rather formulaic in many of its ideas. There were some other threads of story (Rachel and Clutch, for example) woven into this one, and there was lots of information about the brothers and their relationship with each other forged through their shared youth. What was less successful was the ending which I felt ended up as rather a damp squib and over surprisingly quickly. However it wasn't a bad read and I felt that Isabelle's coming to terms with her experiences in Africa was reasonably well written. Kurzbeschreibung THE SPECIAL OPS HERO FEARED NOTHING UNTIL HE MET A WOMAN TOO HOT TO HOLD. Lieutenant Jake Hansen has survived some of the riskiest missions known to man. But now the wounded Navy SEAL faces his toughest job yet: smuggling Dr. Isabelle Markham out of Africa without triggering an international incident. Not easy to do when the gorgeous hostage happens to be a senator's daughter and about as easy to resist as an oasis in the desert. If it weren't for Jake, Isabelle would still be halfway across the world, where rebel forces left her for dead. The special ops warrior may have saved her life, but she doesn't need him to protect her now. Tell that to the ruggedly handsome hunk in full battle fatigues who's just been assigned as Isabelle's personal bodyguard. Close quarters aside, Isabelle won't let Jake anywhere near her heart until danger throws them together again. And nothing in the jungles of wildest Africa could prepare them for a passion this wild. This crazy. This hot. From the Paperback edition. Pressestimmen Hard to put down and even harder to forget. Roxanne St. Claire An unforgettable read romantic suspense at its best. Cherry Adair Kurzbeschreibung THE SPECIAL OPS HERO FEARED NOTHING UNTIL HE MET A WOMAN TOO HOT TO HOLD. Lieutenant Jake Hansen has survived some of the riskiest missions known to man.
