Von Deborah McClatchey : So Much For Illusion (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised So Much For Illusion (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Once Burned Twice ShyVon CustomerI picked this book up for my wife on the recommendation of a friend. We both read it and loved it and will be going back for more. So nice to find a new author to plow through. Whenever we buy this

kind of book, we always use it to perk up our own life too. Never a dull moment. Anyway both of us enjoyed reading out some of the passages, especially the ones with luscious descriptions. What's so intriguing about Deborah McClatchey's writing? For one, her women aren't those skinny models that one often sees peopling romance novels. No they are real women. As well, her descriptions set the stage beautifully. You can feel the story building towards a surprise but it's never certain what that conflict will be. This one climaxes in an unexpected way. Triangles of love. Who knows? 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Von Author Angie Martin Gorgeous, beautiful love story with lots of spice and heat! This book stood out to me from my first glance at the blurb and I certainly was not disappointed! I highly recommend this one for anyone who loves romance and/or erotica. It's simply wonderful! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Revealing Von Peru Editor This is the kind of book that gives you insight into how women think. The story follows the adventures of Erica, who is a retired, I guess you could say burlesque dancer (although there are flashbacks to the days when she was still dancing). I found those moments interesting because I've always been leery of dance shows. It always seemed to me that such shows, especially the ones with an element of eroticism, were something women were compelled to do out of necessity rather than enjoyment. However, Deborah McClatchey writes Erica's reflections on her employment with pride. This makes me reflect on where my impressions have come from. Am I just picking up social chatter that is reactionary and not a real indication of human behavior? It's certainly something to consider. I also noted the female perspective in narrative choices describing attire. I liked the detail McClatchey used to discuss every single article of clothing and how they fitted together to present a designed overall impression. Obviously I've thought about this kind of thing before such as wearing a suit for a job, but usually my personal reflections only come into play on formal occasions. It has never occurred to me to create an impression while I'm out shopping for groceries for example. I'm also interested in the dual nature of Erica's thinking. She sometimes experiences stress over whether or not her husband might not be interested in her anymore, however, the second an old flame enters her life, she becomes flush with excitement. How can she be hyper aware of her own insecurities, but yet not be cognizant of the stress she might cause others? Anyway, I was probably more compelled with the stuff that was revealed between the lines, but there was a lot in this story to keep me entertained. Give it a look!

Kurzbeschreibung Illusions of the extravagant Las Vegas shows are the beginning backdrop for this spicy story of misplaced love. Erica finds love with Nick, a troubled artist, who eventually explains his work comes first. Rejected, she falls in love with Tony. Does she marry him on the rebound? Sex isn't supposed to become stagnant in a marriage, so what is the real problem? Erica struggles with her inability to communicate 'delicate issues' with the men in her life. She's quite the mixed up young woman. When Erica's first love re-enters her life, all illusions are revealed in a moment of truth. However, has she placed her life in danger and her marriage in jeopardy just for an illusion of love?
