Von Maggie Kaye : So Right With You: Chloe's Story (The Girlfriend Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised So Right With You: Chloe's Story (The Girlfriend Series Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great

story!!! So much more to it than might appear. Von Anja 4.5 Stars So Right With You is Maggie Kayes first book in her The Girlfriend Series and it definitely exceeded my every expectation. It was fun and sweet and managed to grab me by my emotions from page one. The characters were strong and had a depth to them that made reading about them even more enjoyable. Chloe Lamberts fianc cheated on her with a friend of hers three weeks before the wedding. After hearing about this, her boss, Garrett Nolan offers to help her by letting her live with him at his ranch house outside the city. All of this might seem as a total clich, but it isnt. Chloe is a strong and independent woman and we never had to endure her over the top melodramatics because she was cheated on by what she thought was the love of her life. Of course she was hurt, but she picked herself up and continued with her live. She was funny, sweet and generous and had a depth to her as a character that made reading about her very entertaining. Garrett, on the other hand, at first seems to be rather shallow and the all known rich man whose who flaunts his conquests rather publicly. Yet, as we get to know him, this image of him changes rather drastically. We learn that he, too, suffered from a betrayal that left him broken and with demons. He is also very sweet, considerate and a philanthropist, who does a lot for the community without public knowledge. Overall, I enjoyed this story immensely. It was just the right combination of sweet, funny and frustrating to keep me captivated and entertained from page one. This story might seem like so many others on at first glance, but it is definitely not! Not only is the writing great and the flow excellent, but the secondary characters were just as entertaining and fascinating and complemented the story perfectly. I cant wait to read more of this series. Im definitely hooked.

The book was ok, the characters were likable at first, no twist in the plot, nothing spectacular. While reading I got an uneasy feeling: something about the H and h didn't add up: she - is planning a big wedding without her parents attending - who would do that? I would rather cover their costs to fly in than celebrate big with acquaintances; - covers the cost for the wedding with all her savings, her fiance doesn't pitch in; - is behaving like a doormat, her fianc cheats and she leaves their apartment (financed by her) although she is broke; he - is said to be CEO of a million dollar company but works nine-to-five-hours, weekends free, - doesn't fly out of town for weeks and suddenly fuels up his jet. Her friends with all their banter were the best characters of the book.

Kurzbeschreibung So Right with You Book one of The Girlfriend Series Chloes Book  
In the work place, we all know there are boundaries. One of those boundaries is Never Date Your Boss, especially if he is a playboy and you just had your heart broken. When Chloe Lambert finds herself down on her luck, none other than her hunky CEO boss, Garrett Nolan, steps in to rescue her, offering her temporary shelter at his ranch. Now, her boss is looking more appealing, and her friends cant agree on whether she should sleep with him or not. Dont even mention the fact she just learned he has a soft spot for kids and is using the ranch to help sick kids. Whats a girl to do when it feels so right?
