Von David Drake : Some Golden Harbor (Lt. Leary Book 5) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Some Golden Harbor (Lt. Leary Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Schaler AbklatschVon DIMIJeder, der die Romane von Patrick O'Brian gelesen hat - ohnehin nur ein langatmiger Abklatsch der "Hornblower"-Romane von C. S. Forester - wird dieses merkwrdige, als Space-Opera aufgetakelte "Remake eines Remakes" verabscheuen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Daniel Leary wieder unterwegsVon SabrinaIm fnften Band von David Drakes RCN-Serie (beginnend mit "With The Lightnings") wird Daniel Leary mit seinem Schiff,der Princess Cecile, auf eine Beratermission geschickt. In einem entfernten Sternensystem soll er verhindern, dass ein befreundeter Planet unter Kontrolle der Allianz und damit der Feinde der Republic Cinnabar gert.

Was er vorfindet, ist ein Wespennest dreier verfeindeter Planeten, die einander belauern und von denen keiner bereit ist, über den Tellerrand hinauszusehen. Doch Leary wre nicht Leary, wenn es ihm nicht mit Unterstützung von Adele Mundy, Kommunikationsoffizier und Meisterspion, gelänge, unerwartete Verbündete zu finden und seine Gegner gegeneinander auszuspielen. Überraschenderweise ist "Some Golden Harbor" nicht so spannend und mitreißend wie die vorherigen Bände, die ich immer in einem Rutsch durchgelesen habe. Diesmal sind weder Adeles technische Zaubereien noch Daniels geniale Einfälle wirklich überraschend und innovativ. Die Schlachten haben Länge, was man sonst von David Drake gar nicht kennt. Dazu kommt, dass man wirklich schwer den Überblick darüber behalten kann, wer nun auf welchem Planeten mit wem alliiert ist, und auch, wo sich die diversen Mitglieder von Daniels Einsatzteam gerade befinden. Nichtsdestotrotz ist "Some Golden Harbor" immer noch gute Space Opera mit interessanten Charakteren, und Fans der Serie werden bestimmt nicht darauf verzichten wollen. Dennoch hoffe ich, dass David Drake mit dem nächsten Band wieder an die Genialität der früheren Bände anschließen kann, und nicht etwa seine besten Ideen mit den ersten vier Bänden bereits aufgebraucht hat.

KurzbeschreibungThe tyrannical Alliance continues its war against the Republic of Cinnabar, and Daniel Leary, newly promoted to Commander, and his crew have a new mission: Stop Dunbar's World from falling to an invasion by the planet Pellegrino. Nataniel Arruns, son of the dictator of Pellegrino, has landed with a large contingent, intending to set himself up as the ruling warlord, with the planet's population becoming workers-serfs-of the Pellegrinian overlords. And Dunbar's world has no more than their local police force to oppose him. Leary again commands the corvette Princess Cecile, but on this mission her missile tubes are empty. Only one man is in a position to aid Leary, but the rich and powerful would rather see him fail than succeed in stopping the invasion. Leary must somehow overcome a large entrenched force on an island defended by powerful plasma cannon and shipkilling missiles and backed up by a heavily armed warship in orbit, all while commanding only a small and virtually unarmed spacecraft. But Leary again has the help of Signals Officer Adele Mundy, who can make computer networks do the apparently impossible. Leary, Mundy and the crew of the Princess Cecile have gone up against impossible odds before . . . and their opponents in those victorious missions are still wondering just what hit them. At the publisher's request, this title is sold without DRM (Digital Rights Management). David Drake was attending Duke University Law School when he was drafted. He served the next two years in the Army, spending 1970 as an enlisted interrogator with the 11th armored Cavalry in Viet Nam and Cambodia. Upon return he completed his law degree at Duke and was for eight years Assistant Town Attorney for Chapel Hill, North Carolina. He has been a full-time freelance writer since 1981. Besides the bestselling Hammer's Slammers series, his books for Baen include Ranks of Bronze, Starliner, All the Way to the Gallows, Redliners, and many more. His "Lord of the Isles" fantasy novels for Tor are genre best sellers. Some Golden Harbor is the fifth in the popular RCN series. The previous titles are With the Lightnings, Lt. Leary Commanding, The Far Side of the Stars, and The Way to Glory. **Pressestimmen**"Updating dashing Horatio Hornblower tactics and vintage John Wayne heroics with...formidably battle hardened female NCOs, Drake gives... a full measure of appealing derring-do." - Publishers Weekly. **Kurzbeschreibung**The tyrannical Alliance continues its war against the Republic of Cinnabar, and Daniel Leary, newly promoted to Commander, and his crew have a new mission: Stop Dunbar's World from falling to an invasion by the planet Pellegrino.
