Von Ethan Mordden : Some Men Are Lookers: A Continuation of the "Buddies" Cycle before purchasing it in order to gage whether or not it would be worth my time, and all praised Some Men Are Lookers: A Continuation of the "Buddies" Cycle:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. some readers are familyVon Ein Kundemorddens first three books were terrific, deeply moving and honestly human companions through the darkest years of the aids crisis. the characters are so real that the reader becomes part of that unusual extended family of choice. the unique charm and wit of the author is undeniable on every page and between

the lines. the fourth, long awaited volume fits completely in the readers expectations after the first three books. don't believe a word of the kirkus-jerk's review. this is family, for god's sake! and it enlightens the shadowed rainbow-colors of the gay community during the last years, without getting whiny or too depressed over all the grief. as an aids-widower i'm deeply grateful for these books and i'm glad mordden is still around to write many more. ethan, keep up the good work!0 von 0 Kunden fanden die folgende Rezension hilfreich. A laughing out loud novel to cry overVon Ein KundeMordden is poking fun at our ridiculous gay sub-culture. The novel definitely pulls and tears at the tidy package most contemporary gays try to pawn off as normal. Gay relationships are not normal in our society! Mordden is over it and has embraced the fact that that is what makes them so attractive and beautiful and interesting to us gay men. This novel is for anyone who thought they knew what "gay relationships" were all about or for anyone who can define a day in the life of a homo. This is not a novel of praises for gay relationships and Gay America. Oh no. This is a witty, refined slapstick rendition of a generation of gays who take themselves too damn seriously. I laughed at myself throughout the entire novel. Read it if you have the guts.0 von 0 Kunden fanden die folgende Rezension hilfreich. Oddball characters you will fall in love with.Von Ein KundeThe best and worst aspects of this book are the dialog. Most is brilliant, some is hard to follow. The relationships are unusual, even by gay standards, but always interesting. The author knows what is "hot" and throws plenty into the story, even if most of his characters may pretend to be shocked. I want more.

KurzbeschreibungSome Men Are Lookers, Ethan Mordden's much lauded fourth volume in his "Buddies" cycle, follows the exploits of his best-loved characters-Dennis Savage, Little Kiwi, Carlo, the 'elf-child' Cosgrove, and narrator Bud. Mordden lays bare the emotional landscape of the city within a city that is Gay Manhattan. Blending the comic, the sexy, and the at once idealistic and realistic, these stories represent Ethan Mordden at his very best..deEthan Mordden's "Buddies" trilogy--I've a Feeling We're Not in Kansas Anymore, Buddies, Everyone Loves You--has, in less than a decade, gained classic status in gay literature. Now Mordden treats us to a fourth and final volume, Some Men are Lookers. Mordden's tightly-knit band of New York gay men survived disco, Fire Island, and AIDS; now they are left to make their way into the next century by forging new relationships, bonds of friendship, and love. Mordden's writing is as pithy and funny as ever, but he never avoids the hard stories or feelings and all 11 stories resonate with truth, emotion, and a clear-eyed look at what it means to be an urban, gay man today..comEthan Mordden's "Buddies" trilogy--I've a Feeling We're Not in Kansas Anymore, Buddies, Everyone Loves You--has, in less than a decade, gained classic status in gay literature.
