**Von Catherine L. Byrne : Some Other Freedom (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Some Other Freedom (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 3 Hearts from MM Good Book ReviewsVon Pixie Mmgoodbookreviews3 Hearts reviewed by LisaWhen I first received this story I was not to sure what to think. It is well written with characters that seem to pop out at you but I find that it is not my type of story at all. It came off to cliché for me to truly get into. I have trouble with people who hide things but

when they use someone else to hide then it just ticks me off a bit more. In real life you can actually see this happening and it saddens me a bit. This author has a unique writing style that did catch my attention. A friend even mentioned how the plot just seems to flow around the characters and I suppose I agree. Now I felt bad for Anthony in one way but I felt more for Jake than anything. It took a while for me to truly get pulled in and that was when Jake and Anthony just play off each other, if that makes any sense. Anthony is as gay as can be however he is hiding it from everyone. While at a friend's wedding he asks his best friend, who happens to be a girl friend to date him. In the same night he meets a gorgeous man who he wants. A few times having sex and he just goes back to his normal life with Francesca. Who might I say is cheating on him with another. So what comes around goes around I suppose. However when Jake shows up teaching at the same place he is, he is about lost. He wants Jake but wants to hide it all. Then things get a bit wiggly and Jake tells him to choose. Jake has not hidden who he is and doesn't want to. So when he meets Anthony, he is lost. He wants him but is afraid of getting hurt. It seems to him that he is a temporary fix for those around, but he really wants Anthony to be the one for him. The author also did a wonderful job of using a few other people to tell you a bit more about Anthony. It seems to become more apparent to the readers. His family didn't take it too well although his father is the worst. He is so homophobic that I can see why Anthony wanted to keep it a secret. Although to me Jake is still my favorite character. I can't say that this story was not my favorite and did not pull to me like many others. There was just something missing for me to truly love it. I have never really liked a book where there is cheating going on and hiding from who you truly are. It was however well written and has a bit of flare to it. I would definitely recommend it though.

Kurzbeschreibung Ambitious teacher Anthony, who is firmly in the closet, works at a very conservative school, carefully living up to expectations in order to further his career. After drinking too much at a wedding, however, he meets a gorgeous man and can't resist having a passionate liaison with him. Weeks later, Anthony is engaged to his girlfriend, but then his secret lover turns up at school as the new teacher in his department. Note: This book contains my characters acting out scenes from *The Importance of Being Earnest* by Oscar Wilde and *Romeo and Juliet* by William Shakespeare.
