Rothwell's second novel is wonderful!Von Deborah MacgillivraySomebody To Love is Kate Rothwell's second novel in the second half of this year. Her debut book, Somebody Wonderful, showed she likes to walk a different path. Her historical novel was set in late 1800's in New York, far from your typical historical setting, and between a rich,

adventuresome young lady and a beat patrol policeman. Again, she eschewed the glittering ballrooms of Regency era and lords and ladies, to go for the realistic romance. She does the same in her second novel, once again, giving historical romance a breath of fresh air. In *Somebody to Love*, set again in the US during the gaslight era, when Tammany Hall politicians saw graft as a way of life, we meet Griffin Calverson and Araminta Woodhall. Griffin comes to the rescue of Araminta, who is employed by a ruthless social climber Linder Kane. Araminta has resigned herself that her heritage (won't spoil the plot by revealing what) makes it impossible for her to have the good marriage she yearns for, so she has turned her passion into being a great chef. Kane pays her well, but she is confined by the life at Kane's mansion, not to mention Kane's mistress is not happy to be under Kane's control either. Araminta is forced to ask Griffin for help to free Olivia. While they work to free Olivia from Kane's control, Araminta and Griffin begin an affair. While Griffin is looking for more than an affair from Araminta, he finds it next to impossible to convince her of his love and that they have a future together. Convincing Araminta will be harder than freeing Olivia, but Griffin is determined. Rothwell has a gentle, charming voice. She is strong on period details, her rich backdrops for her stories bring everything into a sharp vision, allowing the reader to see the richly textured world of the gaslight era of New York. She has strong, intelligent characters, with a good feel for dialog and she creates steamy, sensual heroes and heroines that steal the readers heart. If you read *Somebody Wonderful*, you will already know Griffin from that tale. I highly recommend both *Somebody To Love* and her debut book *Somebody Wonderful* for a very fresh voice in historical romance. Here's hoping Rothwell will give us more "somebodies" from the gaslight era to charm us. 0 von 0 Kunden fanden die folgende Rezension hilfreich. As delightful as her first! *Von The Green One* With this second book (after "Somebody wonderful"), Rothwell managed again to provide a outstanding romance book. In this love story between the stern powerful Griffin (Tamina's brother) and the proud energetic Araminta, is nothing conventual. Not the historic background (NY at end of the 19. century) and not the looks of the protagonists. Araminta is a mulatto kitchen chef and Griffin's description reminded me of a young Robert Redford (never thought I could find a moustache that nice). ;) This book has drama, romance and wit. I can't wait with what Rothwell will come up next!
